### Mr. and Mrs. J. M. Mitchell To Celebrate Golden Anniversary

In this day of hurried marriages and even more rapid divorces it is gratifying to drop in and chat with a couple who after fifty years of married life still have a deep and abiding affection for one another. On Wednesday, July 21st Mr. and Mrs. J. M. Mitchell, who reside on Broad street, will have been married for half a century. They will not formally observe their anniversary, but we believe it will be in order for friends to drop in during the day and offer felicitations to this loved couple who were pioneer settlers in this town.

James Morgan Mitchell was born March 31, 1861, son of William W. Mitchell and Hester Davis Mitchell. His grandfather came to this country from Ireland and settled in the north. Mr. Mitchell was born in the Bay District in Bulloch county, but came to Statesboro about forty years ago. On July 21st 1887, he married Anna America Martin, daughter of

Ellijah H. Martin and Lavinia Hendrix Martin. They have four children living; one son, William Arthur died in infancy. The children are: Robert Mitchell, Savannah, James Naughton Mitchell, Concord, N. C., Ardella Ethel Floyd, Statesboro, and John Conrad Mitchell, Atlanta. There is one grandchild, Frances Felton Floyd, daughter of Ardella Floyd.

Mr. and Mrs. Mitchell are members of the Primitive Baptist church. Mr. Mitchell served as deputy sheriff for eight years with John Donaldson and Bill DeLoach. He served as Chief of Police for sixteen years. Mr. Mitchell proudly asserted "I kept the town by myself." He also boasted that although shot at several times he was never hit and he added dryly, "Must have been poor marksmen to miss as big a target as me."

The Bulloch Herald considers it a privilege to offer their heartiest congratulations to this esteemed couple.

## NEVILS NEWS

BY MISS MAUDE WHITE

## CANNING PLANT A SUCCESS

The canning plant at Nevils is a great success. There has been more than 1500 quarts canned in the few days of operation. The first days were not so successful but now it is a full day's work beginning with the sun and running on until late night. If the supply increases as rapidly within the next few days, the facilities will soon be inadequate to take care of the demands. We are very appreciative to all for the splendid co-operation we're receiving in carrying on this work. We feel sure that there will be a great demand for a larger plant next year. We still invite you to bring your produce on Tuesdays, Thursdays and Fridays for canning. Be sure to have your fruit and vegetables fresh when canned.

## READING STILL INTERESTING

The most outstanding number on the program of the reading group of Nevils school last Saturday was the story, "Dick Whittington" told by Mrs. G. C. Avery in a very pleasing manner. After the books were checked for the next weeks reading, all the children grouped in a circle for the story hour. The story was so much enjoyed until they begged for more. After enjoying the story Little Althea and Alva Mae Martin surprised the youngsters with some very enjoyable readings. Althea read, "Nell Lee and her beau." And Alva Mae read "The Pickeny and the Watermelon." Marjorie Anderson assisted with the entertaining by contributing a splendid "Fairy Story." We feel very enthusiastic over the results our summer reading is bringing us. We appreciate the interest the young folks are showing by voluntary participation in the social activities. A good many were present last week but we are expecting many more this week. The library will be open from 4:30 until 6:30 o'clock. The story hour will be at 5:00 o'clock as usual.

## BOXING BOUT

We do not have any Joe Louis in our community yet, but we certainly do have some FFA boys that can keep an audience entertained for some time with intense anxiety waiting to see who will be knocked out first. Although he is very small but young Sam Butts has the characteristics of Jack Dempsey when it comes to boxing. Last Friday night several of our boys met in a miniature boxing ring constructed on the stage of our auditorium and displayed some outstanding qualities of a true fighter of America. The sportsmanship throughout the bout was excellent. This program was sponsored and directed entirely of the FFA boys, with Mr. G. C. Avery, the vocational teacher, staying in the background as much as possible. He made them feel it was their program, their responsibilities and they would be

Mrs. John Cannon presided and after a song, America, and the devotion by Mr. Anderson, Mrs. Ernest Brannen, president of the Statesboro PTA gave an instructive talk on the necessity of every PTA having by-laws, or, she termed them, guiding principles.

Mr. Ernest Anderson, newly elected superintendent, who is attending school at S. G. T. C., expressed his appreciation for the continued interest in school work here and announced his faculty for the coming term. The next meeting will be held on Thursday night, August 12, at 8 o'clock. All patrons are urged to attend these meetings.

The meeting of the community club scheduled to be held July 22, has been postponed until Tuesday night, July 27, on account of the Temple Hill meeting on same date. Each member is expected to bring the entire family, the meeting to begin at seven o'clock.

## COMMUNITY CLUBS ON ALL DAY PICNIC

Often I hear my colored neighbor, Rose, singing, "Gwine to lay down my burden, down by the river side," well, last Thursday, a goodly number of the weaker sex laid down their burdens (husbands included) and journey down to Riverside on the Ogeechee where all the community clubs in the county were invited for an all day picnic. Only three clubs were represented, Ivanhoe with five members; New Castle with seven; Middleground with thirty-six. Although our club outshone in quantity, we certainly did not in quality, for who couldn't see that theirs were select groups? We were glad to meet our friend and fellow relief laborer, Myrtle Bowen, of the New Castle club. The fellowship I have her can only be attained thru similar experiences, to-wit: making out a monthly relief report, such as was in the days of Mrs. Fletcher's administration, (Maie, Mary Lee, Lena and Ruth will understand). All in all we had a fine day.

Marsh, the Chevrolet boy, carrying us in his new car... good eats... association with Sunday School picnicers from Egypt way... fish from Brooks Mikell's family who was spending the week there... posing for photograph... swim after lunch. And, as far as we observed, every one behaved with the exception of one dark-haired, shiny-eyed woman who lives on Ogeechee road and whose husband works at a lumber mill. Miss Elvie Maxwell was our chaperon.

## FARM TO FARM

Corn fertilizer can be grown during the winter months if the results of turning under vetch and Austrian winter peas in the spring on corn land found as a practice on John Powell's farm is a fair example. Mr. Powell has a field of corn that looks like it has been highly fertilized when as a matter of fact it has only had the green manure crop turned under.

A. P. Belcher reasoned that hogs need grain the year round. However, feeding them corn from the crib was a little too expensive this spring. To solve this problem Mr. Belcher decided to use oats and then follow the oat crop with peas to turn under as a soil builder. The oats carried the pigs until he could put them in some early corn and peanuts.

per acre than any crop we have to use as a temporary pasture, declares Brooks Woodcock. Mr. Woodcock says that a few small patches can be put off and planted around the barn that will support all the pigs and calves an average farmer raises through the summer.

One way of marketing steers is to swap them for hedges and thereby build up your foundation herd of cattle, according to Raymond F. Stainback. Mr. Stainback started his herd of Herefords with a purebred sire and from time to time adds a good blooded heifer, usually by swapping a steer for it. The range this herd runs on has carpet grass and wire grass on it. Mr. Stainback found that this did not fatten the cattle as he thought it should. He added some common lespedeza to the mixture to

Dr. M. P. Jaragin, head of the animal husbandry department of the University of Georgia, has announced the appointment of Charles M. Smoak, Jr., of Griffin, as herdman for the College of Agriculture dairy farm. Smoak, a graduate of the University in the class of 1937, will have charge of the feeding, breeding, and management of the 125 dairy cattle on the farm. While at the University he was an outstanding student, having been a member of Aghon, honorary agricultural club. He also served as president of the Saddle and Sirolo club, student organization which sponsors the Little International Livestock Show each year.

The Resettlement Administration has announced that the debts of 57,934 farmers in the nation have been reduced more than 46 million dollars in the period of 21 months ending on May 31. Debts of these farmers before adjustment were \$187,155,089; after adjustment \$140,712,161. And, as a result, nearly three and a half million dollars in back taxes were paid local governments. The Farm Debt Adjustment service is free to debtors and creditors alike.

## 4-H Club To Present Feature Picture Soon

"UNDER THE 4-H FLAG," AN TALKING VERSION OF THE FAMOUS NOVEL.

One of the most complete and elaborate 4-H club entertainment units ever developed will be made available to the people of this county on Saturday, July 24, County Agent Byron Dyer announced today.

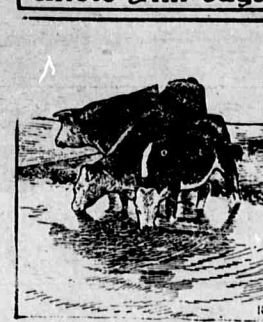

The show consists of two hours of talking pictures, the feature of which is the dramatized all-talking version of the famous novel, "Under the 4-H Flag." The program will include in addition to the feature picture a 4-H news reel, an educational short called "Hidden Values," and a cartoon comedy.

The show will be held at the State Theatre and will start promptly at 9 o'clock a. m.

Admission will be free and there will be no collection of any kind taken at the show. Mr. Dyer declared. Its purpose is to stimulate interest in the aims and aspirations of the 4-H movement and to give its members, their families and friends and all others interested in agriculture a real treat in the way of high grade entertainment.

This county's 4-H organization will have an attendance contest whose awards amount to \$2,000. Mr. Dyer said. The awards of prizes will be made on the basis of the proportion

## Uncle Jim Says

The control of water on pasture lands reduces the amount of soil that is washed into streams, and aids in keeping a fresh water supply. Some Georgia farmers find a drought hits their pastures mightily hard.

An old-time barbecue, "Camp Sawyer," as it is to be named, is operated by the 4-H club members in Baker, Miller, Seminole, and Decatur counties. The agricultural agents and home demonstration agents of those four counties are in charge of the camp. Some 300 girls are expected to attend this camp July 19-21, and about the same number of boys will be in camp from July 21 to 23.

A four-point drop in the index of prices received by farmers has been reported by the Bureau of Agricultural Economics, covering the period May 15 to June 15. The decline was attributed to improved crop prospects and partial adjustment of prices to new crop basis. The index stood at 124 on June 15, compared with 128 on May 15, and with 107 on June 15 a year ago. The 1910-14 period equals 100.

B. W. Householder, special county agent for Chatham county, has compiled results of a beef cattle experiment showing the comparative economic value between common native and good grade cattle. He showed that calves from purebred bulls and good native cows were far superior to unimproved cattle in economy of production and in meat quality.

A new 4-H club film, entitled "I Pledge My Heart," has been released for distribution by the U. S. Department of Agriculture. It depicts the activities of the National 4-H Club Camp in Washington, which is attended every year by four outstanding club members from each state.

Participation in the National Poultry Improvement Plan during the year ending June 30 included 41 states, 30,558 poultrymen with nearly 6,500,000 breeding birds, and 1,239 breeder and commercial hatcheries with a capacity of more than 52 million eggs. These figures were announced recently in the second annual report on progress of the plan by Paul B. Zumbro, senior poultry coordinator in the U. S. Department of Agriculture.

## Bulloch County PTA Council At Stilton Meet

SIXTEEN BULLOCH COUNTY P. T. A.'S MEET WITH STILTON AS HOSTESS, MRS. J. W. ROBINSON, PRESIDES.

The Bulloch County P. T. A. Council composed of sixteen Parent Teacher Associations of this county held its regular meeting Saturday with the Stilton P. T. A.

Mrs. J. W. Robinson, Sr., the Council President, presided over the meeting.

At the business session, it was voted to place the Parent Teacher Association of the county in alphabetical order for the purpose of entertaining the council for the ensuing years.

The program committee of which Miss Eunice Lester is chairman, arranged the theme, "Enrichment of Life Through the New Curriculum Program."

During the year the following phases of the central theme have been carried out, "Life Enrichment Through Better Health," "Life Enrichment Through Family and Community Life," "Life Enrichment Through Recreation."

Saturday's recreational part of the program was carried out in the form of a stunt from each PTA of the county. Dr. D. L. Deal, Mrs. Jack Akin and Mrs. K. E. Watson who were appointed as judges for this stunt period, gave first place to the Training School of the Teachers College.

The training school, which was the winning team, was led by Miss Sophia Johnson of the college who directed a xylophone number.

Miss Marie Wood led a beautiful devotional, basing her talk on different scriptures that substantiated "Play" as part of life's program.

Miss Lois Blich, county health nurse, explained her summer round up and insisted that all pre-school children be at the appointed places at the hours previously announced for a summer clinic.

Mrs. Fred Hodges, chairman of the Bulloch County Library Board explained the financial plan of that board for the ensuing year. She stated that each school that was a member of the Bulloch County Library was given credit for it by the state supervisors.

She also stated that a special state appropriation for county libraries of which Bulloch's share was \$1,200 was recently made, but each county must match the amount. Bulloch county, through the Bulloch County Library Board has enough in sight to match this quota provided the schools would raise about \$400. The month of October was suggested as a special month in which all schools or PTAs would try to raise its quota.

Miss Bowen of the college directed a period of games that were greatly enjoyed.

After the program the entire group of 150 PTA workers were invited by Mrs. P. F. Martin, the president of the Stilton PTA, to the large new log cabin community house where luncheon was served by the Stilton ladies.

During the lunch period a group of eight men from the college sang entertaining numbers, during which time the entire group would occasionally join in.

Prominent on the day's program was the after dinner speech on "Our Community House," given by Dr. D. L. Deal, one of the trustees of the Stilton school. In a most interesting manner, the speaker gave the history of the growth of the Stilton school from a small wooden structure to a large brick building, one of the best in Bulloch county.

In most of his speech, Dr. Deal related how the community by co-operation and loyalty of the Stilton section had made it possible to have a community house that is second to none in this section of Georgia.

A resolution committee composed of Lewis Ellis, Mrs. J. H. Wyatt, and Mrs. H. E. Watson gave thanks to the Stilton PTA and that entire community for making such a happy day.

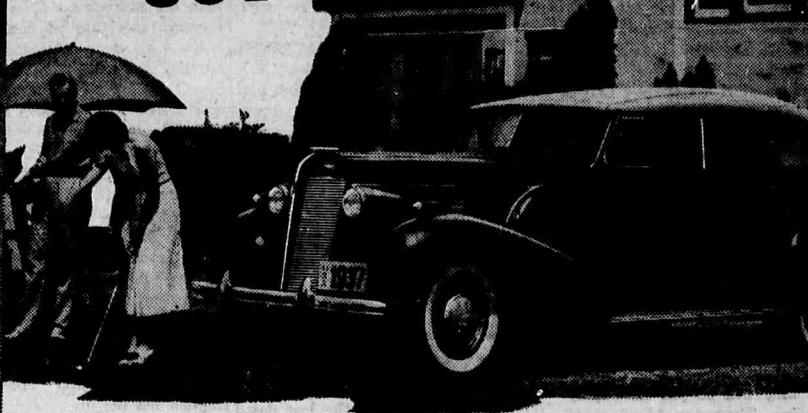

The next meeting will be held in Brooklet in October at which time Mrs. Wade Hodges, the newly elected council president, will take charge

SWAINSBORO, Ga., July 14.—Alonso Woods, young attorney and former member of the legislature, announced today he will be a candidate in the Democratic primary of 1938 for United States Senator, opposing Senator Walter F. George.

Woods said he would announce his platform later.

## YOU'LL GET A BANG OUT OF THIS ONE!

Do you get a kick out of a golf ball's click when you really lean into one on the tee?

Does your heart beat faster when the big fish strikes, and your singing reel almost smokes?

Can a brisk breeze and a taut sail make you feel like a kid again, forgetting care in the sheer joy of addition?

Mister, if you're like that, what a bang you'll get out of this Buick!

You'll go for the way it goes for you. You'll like the quick, eager spurt of its get-away, the buoyant, swiftness steadiness of its travel.

You'll thrill to the businesslike manner in which it settles the pull, its quiet, dogged competence in long, tough going.

You'll welcome the way it cradles you over the bumps, the neat, compact, handily mobile feel of it. You'll be proudly aware of its beauty, of the picture you make riding in its this-minute style.

But don't forget this major thing—it's the buy of the season, price-wise as well as for its performance! It's still selling at the lowest price in all Buick history—you can still get a big Buick eight for less than some sixes would cost you.

So don't hold back. Good things, you know, can't last forever. Don't pass up a buy such as Buick is at its low prices now.

## LETTERS to the EDITOR

Editor of The Bulloch Herald:  
I note in your paper what has been written regarding the college football stadium situation.

I am a former student of the college and am very interested in the football teams there. Being a grocer I have not been able to attend the games as much as I would like. Since the games last year were played on Saturday afternoons it made it almost impossible for me to attend.

I agree very much with Mr. Grady Johnston's letter regarding night football and hope that it can be played in Statesboro. I feel sure that there must be a great many business men who because of their business are unable to attend the games when played in the afternoon, but would attend games played at night. With T. C. growing by leaps and bounds and it being recognized all over the state it seems that night football would be a great drawing card for it. It is my hope that soon we will be able to see T. C. play her schedule in a stadium and that her team will be as strong and as good as the teams she plays.

## The Bulloch Herald

DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY

VOLUME 1.

STATESBORO, GA., FRIDAY, JULY 23, 1937

NUMBER 13

## BULLOCH SET FOR TOBACCO MARKET OPENING

Market Will See Three Warehouses Open to Farmers

MARKET EXPECTS TO EXCEED THREE AND A HALF MILLION POUNDS; 30 NEW BARNES HAVE BEEN BUILT IN COUNTY.

With less than a week away to the opening of the tenth tobacco selling season for Statesboro, tobacco curing in the county has reached its height, with every curing barn filled to capacity.

With three warehouses opening here for the first time in the history of the market the local market expects to exceed last year's sales of over three and one half million pounds.

To date the crop in this section has been grown, gathered and cured well. The crop was seriously threatened during the plant-setting season by blue mold, and while some farmers were never able to get the desired acreage others more than made up for the loss. A month ago farmers believed the crop this year would be lighted in tobacco but tobacco is curing out much heavier and with more body than was expected.

The fact that upward to 300 new barns have been built in the county is an indication that there will be an increase in the tonnage. It is true that some of these barns were added because of uneven setting. Farmers in general express the belief that the crop this season is far above what was anticipated two months ago in acreage, tonnage, and grade.

On the opening day last summer the Statesboro market sold 2,450,000 pounds for an average of 21 cents and the second day 250,000 pounds sold for an average of about the same. With a new house here this summer the crowded condition that prevailed at times last summer will be eliminated and it is believed the first few days will find the poundage running about the same each day.

The Statesboro market has always been a leader in the one-set-buyer class and has handled as much in some cases more than ten trucks than in the past had more than two houses and two-sets of buyers.

Local Market To Have New Selling System on Floors

TOBACCO TO BE SPACED ON FLOORS TO SPEED SELLING AND SAVE WEED; FIRST SALE IN EACH HOUSE EVERY 3RD DAY.

At a meeting held Tuesday morning of the warehousemen who will operate the three tobacco warehouses in Statesboro, a uniform sales system was adopted for the Statesboro market.

The warehousemen making up the meeting were W. E. Cobb, H. P. Foxall, R. E. Sheppard and Charlie Randolph.

The sales system adopted is fashioned along the lines of the North Carolina system. The tobacco in each of the three warehouses will be spaced with wide aisles to allow the buyers more freedom and will speed the sales on the floors. It will also eliminate the usual tramping down of the tobacco by people moving about in the houses.

With three warehouses this year the sales will rotate with two complete warehouse sales each day with a first sale at each warehouse every third day.

It was also learned that a Board of Trade will be organized and that there will be a publicity agent to give the proper publicity that the Statesboro market demands.

All the warehousemen agree that the tobacco in this section this year will be good. They state that it seems to be curing out smooth and clean.
