

## Statesboro Blue Devils "Hurry Home" After Defeating Wrightsville Tigers 20-13 To Prepare For Another Hard Foe Here Friday

Blue Devils Battle Improved Reidsville Eleven  
On Lighted Field Here Friday Night At 8 P.M.

CLIFF PURVIS INTERCEPTS PASS  
AND RUNS 60 YARDS IN OPEN  
MINUTES OF SECOND HALF TO  
SCORE

It was one of those "knock down and drag out" and the best man stays in the longest" affairs in Wrightsville last Friday afternoon when the Blue Devils from Statesboro had defeated Wrightsville 20-13. This was the first defeat for Wrightsville in a total of eight years.

The game was featured, other than the intervening squabbles, by a sixty yard run by the Blue Devils ace end and star defensive player, "Cliff" Purvis, on the third play in the second half, faded back to cover a Wrightsville end in the flat zone, intercepted the pass and streaked the sixty yards without a man trying a hand on him.

The Blue Devils were outplayed as far as the statistics show but they buckled down when it was necessary and held the Wrightsville Tigers on the two foot mark late in the fourth period to keep them from tying the score.

The brilliant playing of Cliff Purvis was without a doubt the spark plug for the whole Blue Devil squad. The fine playing of Nathan Jones at guard and the excellent kicks that he got off on the kick-off was another dominating feature of the Blue Shirts game. Roy Hitt at tackle, played good ball on defense and Charles Layton and Davis Barnes, who were backing up the line on defense did a fine job of it. The majority of the running plays of the Wrightsville eleven was over the line and Davis and Charles were right there to meet the Tiger backs.

Statesboro's first score came early in the game when Wrightsville attempted to punt and the kicker was rushed by the Blue Devil forwards and the ball went straight up. After a line play carried the ball down to the 30 and a pass over the line failed, John Smith faded on the next play and passed over the goal line into the end zone where Purvis was waiting for it. Smith again passed to Purvis for the extra point.

Statesboro kicked off to Wrightsville, Nathan Jones really put his toe into the ball and it went down to the 5 and a Tiger back brought it back fifteen to the 20. Three plays later Wrightsville punted and Edwin Groover, playing the safety position, made a breath taking catch and ran the ball back from the forty-five to the twenty. Again the Blue Devils had the ball in scoring position and they took advantage of the break and in a few plays Joe Tillman drove over the line for the score. The try for the extra point failed and the score at the end of the first quarter was Statesboro 13, Wrightsville 0.

After the first quarter, the Wrightsville boys after being taken by surprise by such a scoring spree, took things into their own hands and from then on it was their ball game. They scored with ten seconds left to play in the first half.

In the second half Statesboro kicked off to Wrightsville and three plays later Cliff Purvis wrote "finis" as far as Statesboro was concerned. It was then he intercepted the pass and ran, unopposed for sixty yards, to score the Blue Devils final touchdown.

After this Wrightsville seemed to get furious (please take that in the right manner) and they brought on such a passing attack as the Blue Devils have never been up against. The passes were flying everywhere and early in the fourth quarter after several completed passes, Wrightsville drove over from the 2 yard stripe for their second score.

Again late in the fourth period they worked the ball down to the two foot line and had four downs to make it in and on the first down Cliff Purvis recovered a fumble and the ball went over into the Blue Devils possession and five plays later the ball game went to Statesboro and Wrightsville was beaten for the first time in eight years in their own backyard.

And if it is permissible, this correspondent would like to say one thing. We believe that it is very easy to understand why the Wrightsville football team has not been defeated in the long period of eight years on their own playing field.

to be. Johnson has been sending his squad through tough workouts in order to be ready for another tough team Friday night when Jake Riggs brings his football eleven over from Reidsville to tangle with the Blue Devils.

In the game last Friday, more Blue Devils were hurt, than in other games of the '33 season. But they were all back in uniform today and they are working hard to regain their physical standard of the past.

Jake Riggs will bring with him a much improved ball club Friday. On last Friday afternoon his team held the Lyons powerhouse to two touchdowns.

Coach Johnson stated Monday morning that he regards this game with Reidsville to be as tough as any of the past games and any of the ones following it.

Statesboro High is undefeated and tied once. With the game Friday night, Millen on the eighteenth and Sylvania on the day before Thanksgiving, the Blue Devils will wind up the season, unless they play for the championship.

# The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

## EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wise business policy would be to "hold everything"—which means stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payroll in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

## THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements. . . a new tool and die plant that will help us cut the cost of die . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We do not supply all our own needs, of course, and never expect to. The Ford engine is one thing

## Mars Invasion

(Continued from Page One)

ther bulletins reported the terrible conditions which resulted from the "invasion," then the Martians were attacked and soon destroyed by some of the earth's germs to which the "earthlings" were immune and the earth became once again a safe place upon which to live.

The program was so realistic that listeners throughout the nation became panicky and actually began to leave their homes in metropolitan areas seeking what they thought might be a safe refuge.

In Birmingham people gathered in groups for prayer. In Memphis weeping women were trying to learn addi-

tional "facts." Residents in Jersey City, N. J. sought police for gas masks. Hundreds of people fled into the streets. Officials of electric companies were urged to turn off the lights so that the enemy could not find them. People in Atlanta began worrying about the "end of the world" being at hand.

The dramatization was so realistic, that despite four interruptions during the radio play announcing that "This is purely a fictional play" people refused to be calmed.

STATESBORO, GEORGIA WEDNESDAY, NOV. 9, 1933

NUMBER 34

## BULLOCH SUPERIOR COURT CONTINUES INTO THIRD WEEK

EDWARDS WAS ACQUITTED ON CHARGES OF MANSLAUGHTER; ONLY ONE MURDER CASE ON LAST WEEK'S DOCKET

Superior Court is still in session with a large number of criminal cases to be tried.

The October term convened here on Monday, October 24, the first regular session of Superior Court in this county since October of last year. The civil docket was heavy and practically the entire first week was devoted to the trial of civil cases. Last week, the second week, many criminal matters were handled. Burglary was by far the most conspicuous charges with fifty-four cases being imposed in 8 cases.

The burglary of the Eli Kennedy Store at Reidsville resulted in fifteen years for Tuggle Smith, twenty years for Bill Hodges and one year for John Pittman. Reuben Servant who was charged in two cases with entering stores in Statesboro drew five to ten years in each of the cases.

There have been several assault cases, with only one murder case on the docket. Prince Lee, colored, was given life imprisonment for murder.

The court spent last Friday on the case of the State against W. E. Edwards, charged with manslaughter. Edwards was the driver of an oil truck that collided with a car driven by B. I. Lowe, last November near Peralta. Mr. Lowe died from injuries sustained in the wreck and his wife died several days later from the same wreck injuries. Edwards was acquitted.

Dr. Raper, the author of the book "Peace to Persia" discussed the South of today, looking at the soil erosion and human erosion, the rapid increase of farm tenancy, the monotonous diet, low income and crude tools, local politics and civil liberties, rural problems and urban liabilities, race relations and economic competition, poor land and poverty, rich land and factory farming.

"Year after year, thousands of white propertyless families have been replaced by negro sharecroppers. This displacement has been most rapid since 1930, though beginning much earlier. At present nearly two-thirds of the South's 1,831,000 tenant families are white. This formula worked out by the whites to keep the negro dependent penalizes more and more whites," Dr. Raper said.

Continuing the speaker added, "we Southerners live in a godly country. We have the opportunity and challenge to use our varied material and human resources for adequacy—for the abundant life. Such a program calls for the untiring efforts of men with good hearts and clear heads. Here true religion and true statesmanship can work together redemptively and creatively."

Dr. Raper insisted that the South's gulches and droughts, her pellagra and lynchings, are more than just regional ills; they are physical and social facts which must be listed as liabilities. He stated that in the end these liabilities are no less costly to the distant metropolitan area than to the local farm community.

The meeting was held in the auditorium of the South Georgia Teachers College last Wednesday with John Varnedoe of Savannah, district vice president in charge. Dr. C. M. Coatsworth gave the invocation and Dr. R. J. Kennedy, member of the State Board of Education, gave the welcome address. The response was made by W. J. Andrews, president of the G. E. A. Secretary R. L. Ramsey presented the distinguished guests and visitors.

Dr. M. D. Collins, state school superintendent, was present, together with members of his department.

The college chorus, under the direction of Ronald J. Nell, and the band under the direction of C. N. Harris, presented several numbers.

The afternoon session was given over to departmental meetings.

## Mayor Renfro Issues Proclamation On Red Cross Roll Call Nov. 11-24

Each year, Americans in every community are called upon to take part in a great nation-wide movement to relieve human suffering and raise health standards in this country. I refer to the word done by the Bulloch County Chapter of the American Red Cross and thousands of other chapters throughout the country.

It is not necessary, I know, for me to remind citizens of our community that the work of the Red Cross is a vital contribution to our community welfare. Both from the standpoint of the year-round local program and the work on a national basis, such as the relief for victims of disasters, the fight against epidemics, public health nursing for isolated communities, or assistance to service men or disabled veterans, Red Cross aid to these needy-

ing help has proved its worth. For years past our community has had a share in this work through the annual membership Roll Call of the Red Cross, through which work is supported, is from Armistice Day through Thanksgiving Day. Your support during this period will insure a continuation of Red Cross work here and in other parts of the country. The Red Cross asks so little, yet does so much that we cannot afford to deny such an appeal.

I am pleased, therefore, as Mayor of Statesboro, to designate this period as a time when all members will be asked to renew their memberships, and those who have not enrolled before are asked to add their names to the ranks of Red Cross members in our community.

THE BURTON'S FERRY ROUTE CELEBRATION TO BE NOV. 18

HON. ABT NIX OF ATHENS AND SENATOR BRYNES OF S. C. TO BE SPEAKERS

Bulloch county and Statesboro will have a part in the celebration which will mark the opening of the new bridge over the Savannah River at Burton's Ferry when the new bridge is thrown open to traffic November 18.

Hon. Abt Nix, of Athens and Senator Brynes of S. C., will be the principal speakers.

The celebration will be the realization of the dreams of many years for the people in this section of the state. Statesboro and Bulloch county have worked diligently toward that realization.

The Burton's Ferry bridge will connect Sylvania and Screven county in Georgia and Allendale in South Carolina and will provide a new link in a system of routes interlacing the 13 original states.

The crossing is mid way between Augusta and Savannah. The landing and ferry received their name from Joseph Burton, who migrated from Virginia and settled here, and a grandson of Robert Burton, of Virginia, one of many of the Virginians who sought protection in Georgia and South Carolina.

The opening of the route will make it possible for tourists to pass through some of the most historical sections in Screven county and this section of the state, including the grounds of the battle of Briar Creek, the ruins of Jacksonboro, former seat of Screven county, a part of the George Washington highway, and a part of the route Sherman and his army followed on their "March to the Sea."

Construction of two new concrete bridges over Briar Creek have been completed and they will be approved and opened to traffic by November 18. The bridges, totaling 14,000 feet, were constructed at a cost of \$105,000.

A picnic ground consisting of five acres is being cleared near the bridge for a barbecue dinner which will be a part of the day's program.

According to O. L. McLemore, manager of the Bulloch Stock Yards, there was a good demand for sows stock sale yesterday.

With a heavy run of pigs, tons brought 6.95 to 7.25; No. 24, 6.50 to 6.75; No. 38 6.75 to 7.25; No. 48, 7.00 to 7.75. Barbecue and feeder pigs 7.00 to 8.25. Fat sows brought 6.00 to 6.50.

The cattle market was steady with holding up to about the same as last week. Fat cows brought 4.00 to 5.00; medium 3.25 to 3.75; fat steers native beef, 5.00 to 6.00; canner cows, 2.75 to 3.75. Thin feeder yearlings, 4.00 to 6.00.

## LET'S NOT CLUB OUR BUSINESS MEN TO DEATH

You have often heard the remark, "Statesboro is over-organized."  
 In hearing that remark we are reminded of a small town that has been a small town for years and years, and during those years it has been said by the people of the town that it is clubbed to death—so many clubs and organizations the town will not, or cannot support them—consequently they all suffer.

Judging from the number of calls from the many sources that have been made recently and that will be made up until Christmas the thought occurs to us that maybe there must be something to the remark that Statesboro is too well organized and too heavily clubbed. Ask any merchant and business man.

This is not intended as a challenge of clubs and organizations. There is need for and a place for both to fill. But let's be careful not to club and organize our city to death. After all, it is the business people of the town or community who actually support it, and business people often feel they have reached the end of the row in contributions and donations. They give 'till it hurts,' and then they must, for the protection of themselves and their business, stop. Aside from this, some people are so constituted that they give liberally so long as they are not rushed too fast, but when crowded they quit entirely and will not help any.

We know one merchant who just before Christmas last year contributed to nineteen different causes, sponsored by nineteen different clubs and organizations. Suppose each merchant in town were to turn around and ask for a contribution or donation from each organization or club in town.

Let's be careful. Let's not club our business men to death.

## "GEORGIA NUT WEEK"

We have baby weeks, cotton weeks, cheese weeks, apple weeks, tomato weeks, drug weeks, and every other sort of weeks until we are prone to become weak with weeks.

And along comes Governor E. D. Rivers and declares this week, November 7-12, as GEORGIA NUT WEEK.

And we realize that there are some wise-acre who will make some nasty crack about it. They will say we already have enough NUTS in Georgia without encouraging them with a special week. Up at Milledgeville we have a large institution for unfortunate, mentally, and everybody makes cracks about that.

But the fact that Georgia has some real worthwhile nuts. One of our local buyers last week shipped two full car loads of pecans totaling 65,000 pounds. He will ship more than 250,000 pounds before the season is over. Georgia raises eight and one quarter million pounds of pecans a year. One-third of all the pecans grown in America and three times as many as any other state. There are some figures at which to take a crack.

## WEAR A POPPY

To America, facing disturbed world conditions and struggles against economic troubles will come next Saturday a message of assurance and courage. It will come from the men who gave their lives for America when the country was facing a warring enemy twenty years ago.

The message will be in such simple form that everyone, even the children, can understand. It will come in the form of little red poppies worn on the coat lapels. It will speak of the days when Americans were dying for their country and will urge the same spirit of courageous patriotism in facing the dangers of today.

The poppy is the flower that grew in the shell-crushed soil of the battle front in France and Belgium, the only touch of beauty surviving war's destruction and the only floral tribute for the war dead. It became and remained the symbol of the highest patriotic sacrifice. On Poppy Day each year, The American Legion and Auxiliary bring it to us with its eloquent message from the dead.

Can anyone wear a poppy without feeling a glow of pride in his country? Can anyone see the poppies blooming brightly on hundreds of coats without knowing a surge of confidence in America? Reminded by the poppies, can anyone doubt that the nation capable of such effort and sacrifice twenty years ago, will be victorious over today's difficulties?

Every American should wear a poppy on Poppy Day and all America should catch the poppy's message. The brave little blossom says:

"Remember the dead, aid the disabled and carry on for America."

## The Editor's Uneasy Chair

We do not know what hard luck is. Listen to the story told by Louis Brown of Jackson, Miss.

Louis was a fairly prosperous and happy negro farmer until a few weeks ago.

Then—

Somebody burned his house. He moved his family into the barn. Then somebody burned the barn.

Louis thought certainly his enemies would be satisfied when he was forced to camp out with his family.

But one night they knocked his milk cow in the head and killed her. Only his chickens his house, his mule and horse remained.

Then somebody shot his mule, crippled his horse and burned his chicken house.

Louis then lost his courage. He called the law.

There is in Toombs county a colored church, in which the preacher has had more trouble than somewhat collecting sufficient money to meet expenses, the main item of which is, quite naturally, the pastor's salary.

Every week he has been writing out lengthy appeals which he would have one of the deacons read to the congregation.

One Sunday recently, the pastor did not show up. One of his manifold offspring brought this message for the deacon to read to the congregation:

"This is no appeal. It is a report. I ain't got no pants."

A great many farmers, even the best of the cotton farmers in Bulloch county, are asking the question "What is Cotton?" Beth Williams, Quitman Free Press wag, answers the question as follows:

"Cotton is the overcoat of a seed that is planted and grown in the South to keep the producer broke and buyer crazy."

"The fiber varies in grade and staple, and the man who can guess nearest about these is called 'a cotton man' by the public, a fool by the farmer, and a poor business man by his creditors."

"The price of cotton is fixed in New York, and goes down when you have bought, and up when you have sold. A buyer for a big cotton mill was sent to New York to watch the cotton market. After a few days deliberation, he wired his firm: 'Some thinks it will go down, and some think it will go up. I do, too. Whatever you do will be wrong. Act at once.'"

"Cotton is planted in the spring, mortgaged in the summer, and left in the fields in the winter."

## HOME ECONOMICS CLUB IS ORGANIZED

The girls of the Home Economics department under the direction of Miss W. L. Baker have organized a Home Economics Club.

The first meeting was held last Wednesday and the officers were not elected but will be selected Wednesday.

The purpose of the club is a closer association and friendship among the girls and to promote a greater interest in the home. All girls taking Home Economics are eligible for membership. Members of the club look forward to the meetings in the cozy sewing room with keen interest.

## STUDENTS OF COUNTY URGED TO PATRONIZE HI OWI ADVERTISERS

In the past when the advertising manager of the High School paper submitted the advertising space to the business men in Statesboro, it had not been very recently been pestered into each county school in Bulloch by the epidemic of "advertisers" for this that or the other, they sometimes gave us advertising with the feeling that it was purely a gift, but not so this year. Twenty-five copies of this clever little paper put out by the journalism class of S. H. S. was mailed to each county school in Bulloch County today and this is a request to the students who read those papers to go far enough to read every advertisement in them. You will find them clever and well written. We ask you to remember these merchants when you are in town and give them at least a part of your trade.

## GRAMMAR SCHOOL GAVE INTERESTING PROGRAM

This program, for lack of space this notation did not get into the Hi Owl and though it is late in getting in we feel that it is only fair to these clever youngsters to include their names in this issue of the Herald.

The very delightful program based on the traditions of Halloween was as follows:

Witches predicting—Gloria Macon, Virginia Mock.

The Dances of the Skeletons—Betty Banks, B-Ty Bates Lovett, Betty Miller, Jo Anne Baines and Claudia Hodges.

Cats Cake Walk—Betty Weller.

The teachers, I found unusually Brannen Person, Johnny Brannen.

## PLEASANT AND FRIENDLY. WE ARE ALL QUITE AT EASE IN THE CLASS ROOMS

and find discussions so interesting that one finds oneself talking away, telling his ideas before he realizes it. Every one seems willing and anxious to do his part and students in S. H. S. certainly do learn to "stand on their own feet" and express their own ideas.

I like Statesboro High.

## REPORT CARDS DISTRIBUTED

This week more than 400 new report cards were distributed to the students of Nevils High School. When we say "new" it has a two-fold meaning. First it is the first time cards have been given out this school year and it is the first time a card of this kind has been given here.

No grade mark is given, the letters U and S are used—S for Satisfactory and U for Unsatisfactory. A space is given for evaluation and remarks to be written by the teachers of each pupil in her class.

**DID YOU GET ENOUGH POTASH?**

POTASH-STARVED After all, you don't fertilize crops for the crops' sake. You fertilize them for INCREASED RETURN TO YOU. Check your harvest and see if potash had a chance to increase your 1938 income. Rusty cotton, low yields and poor quality of tobacco, corn, vegetable, fruit, and legume crops result if the soil and fertilizer do not supply enough potash.

POTASH-FED It is not too early to be laying your plans for more income from potash next year. Talk over with your county agent or experiment station your yields this year as compared with what you can expect from your soil if given the right amount of the right fertilizer for the crops which you will plant next spring. Ask your dealer or manufacturer about fertilizers high in potash. You will be surprised how little extra it costs to apply enough potash.

Write us for further information and literature on the profitable fertilization of Southern crops.

**SECOND GRADE—**  
We are studying about the circus. We made a freeze on the circus parade. We enjoyed making booklets on circus animals. We will take them home when we finish making them. Mr. Little came to see us Friday. Mr. Womack came with him. We were glad to have both of them.

**THIRD GRADE—**  
We are studying about "Frogs." We read stories this morning and found that frogs come from tadpoles. As tadpoles grow, hind legs appear, then front legs. His tail is gone and it's not a tadpole anymore, it has become a frog.  
We were happy to have Miss Franchet and six Rosenwald students with us this morning.  
—Betty Joyce Woods.

**FOURTH GRADE—**  
During supervised lunch the Fourth Grade has been studying and talking about health and good manners. When eating soup they find this poem very helpful in remembering the correct way to eat soup:  
"Like little ships at sea  
I dip my soup away from me."  
—Willie Belle Donaldson.

**FIFTH GRADE—**  
Fixing Our Table.  
Our class decided to fix our table over. Two boys painted it green. Then we got some old cloth. The color is green, trimmed in white. We wanted to have it so the Librarian could check out the books better. We put newspapers under the olecloth so that when we had to print we could do it more smoothly.  
—Sara Lou Kennedy.

The Fifth grade has elected new class officers as follows: President, John Ed Brannen; Vice President, Thelma Lee Wallace; Secretary, Milton Williams; Hostess, Ransome Noblitt; Student Council, Melrose Rector; News Reporter, Margaret Rector and Dorothy Rushing. The old officers were: President, Sara Lou Kennedy; Vice President, Leavenue Jones; Secretary, Emma Jean Bohler; Hostess, Zeal Williams; Student Council, Corrine Williams.  
—Dorothy Rushing.

Those who made 100 in spelling are Ruby, Emma Jean, Laveau, Ransome, Allen and Melrose. We have Black and Gold sides. The Blacks went out to 75 and Golds 73 1-2 and the Blacks beat the Golds.  
—Katie Laura Cartie.

**SIXTH GRADE—**  
We are beginning the study of the Maritime countries of Northwestern Europe. We feel sure we are going to enjoy this study.  
We have repeated our reading table and our flower pots. This certainly helps to make our room more attractive.  
Those making 100 in spelling last week were Eva Nevil, Alta Anderson, Iris Knight, Irene McElvaine, and Sarah Beth Woods.  
Miss Franchet visited our room on Monday.  
Our teachers attended the G. E. A. one hundred per cent and we enjoyed the holiday the same.  
—Eva Nevil.

At the end of the six weeks we elected new officers. They are: President, Carolyn Bowen; Vice President, Frank Simmons; Secretary, Karlyn Watson; Treasurer, Sara Beth Woods.  
—Karlyn Watson, secretary.

**NINTH GRADE—**  
The ninth grade History class has made booklets on the different countries we have studied. The booklets were very interesting to make. We drew pictures on the different topics we have studied. We are beginning the study of ancient Greece. We plan to make booklets and write plays in our study of Greece. Miss Herndon, our history teacher, directs our activities.  
—Ida Nevile.

**READING GROUP—**  
Mrs. DeLoach, a Rosenwald student, has been at the Register school for the past two weeks. She helped the ninth grade organize a reading group. We decided we would put on a play. Mrs. DeLoach is gone now, but we are still working on the play that we plan to present on Thanksgiving.  
—George Thomas Holloway.

**JOURNALISTIC WRITING—**  
The ninth grade English class has

asked Mrs. Gay, our teacher, to let us study Journalism. Five of the ninth grade students are members of the Editorial Staff of the Register "Hi-Lights." The class is very much interested in writing for the school paper and also the county papers. We are going to enjoy Journalism writing a great deal.  
—La Rose Stephens.

**WE SEE "ROBIN HOOD"**  
Last Tuesday (November 1) the ninth grade went to see "Robin Hood." The class particularly enjoyed the scenes in Sherwood Forest, the fencing scenes and home-coming and coronation of King Richard. We were pleased very much to get to see the picture since most of us had read the story of "Robin Hood."  
—Ruby Lee Key.

**PLAN TO WRITE FOREIGN LANDS**  
The ninth grade English class is planning to write individually to students that live in foreign lands. Mrs. Gay sent the order to receive the names for us and we are expecting them at any time now.  
In this correspondence we expect to learn about their school and home life, customs, appearance, and occupations.  
We think that this is going to be a very interesting project.  
—Louise Anderson.

**TENTH GRADE—**  
In history we drew some cartoons illustrating things about history. We picked out some of the best ones and sent them to Mr. Schiller and his pupils at the College. We are hoping that he will send us some of his pupils' work.  
In English we have been learning how to pronounce words correctly and are now learning how to spell them.  
The girls in our class can hardly wait until we get our wool dresses finished. We know that we are going to enjoy wearing them.  
Mr. Womack and Mr. Little visited our school last Friday. We are always glad to have them.  
The majority of our class attended the show, "Robin Hood," at the Georgia Theatre last week. We enjoyed it.  
—Henriette Smith, Class Reporter.

**ELEVENTH GRADE—**  
In "Government" and Problems of Today, we have finished our charts and have put them up in the room.  
Miss Franchet and six Rosenwald students visited us Monday of last week.  
The Student Council met in the auditorium Monday of last week. It was a call meeting, not its regular meeting time.  
Jerald Dekle, who has been sick for the past week, is now back in school.  
—Wilhelmina Waters.

**HOME ECONOMICS CLASS STUDYING CLOTHING**  
In Class II of the Home Economics, we have just finished studying clothing. In this study we were taught: How to keep a budget, how to judge clothing, where to buy the best clothing, and the colors best suited to each type of person.  
In connection with this, the girls made a color chart. It is very attractive and we feel proud of it. In this study, we feel that we have been helped a great deal in selecting our winter clothes.  
We are now taking up vegetables and fruits. We will work in the laboratory during this study. We have already prepared cabbage and bell pepper salad in connection with the School Lunch Room. During the year we will help every time we have a chance, as we feel that it will be a help to us and also the seniors.  
—Margaret Strickland.

**BASKET BALL COURT IS BEING CLEANED UP**  
Some of the High School boys have cleaned off the ball court in preparation to get it in shape to play on.  
They have secured posts with which to build the goals and have already started building them. We will be glad when the courts are ready and we can begin practicing. We are expecting a good team this year.  
Mr. Crouch, the athletic coach, has announced that the Register School will have a track team this year. We have some good material and are anxiously waiting to begin training.  
—Bud Tillman.

**Carey** ROOFINGS AND SHINGLES  
"A ROOF FOR EVERY BUILDING"

The attention of the people of Statesboro is invited to inspect, unsightly and dilapidated buildings in the heart of our city, photographs of a few of them being published here. All of these buildings and about that many more are located within two blocks of the courthouse (in the rear of the Brooks House). A great number of them are no property that adjoins my own, despite the fact that I have previously bought and tore down or moved seven houses and seven water closets, one mule stable and one chicken house.

Three of the structures in the top row of the picture represent the "gutted" type of architecture. The water closets represents the "stink" type. The others, for the purpose of classification, may be assigned to the "decayed" type.

The burned building is located on the corner of North College and Elm Streets. It was burned in September of 1937, more than 13 months ago. The city officials have permitted it to stand despite the fact that the citizens of the community have pleaded with them to have it taken down.

The open toilet is located within a few feet of Mr. E. L. Akins home and also within a few feet of North College Street. It has stood there, menacing the health of the people for decades, despite the fact that a city ordinance forbids its existence. The Akins family have lived with it for many years.

I personally have tried to do my part towards the upbuilding of Statesboro. I can point you to six respectable residences within the city that I had built. There are nine white families in these homes at this time. Someone pays taxes both to the city and to the state and county on these homes and their furnishings. I have paid approximately \$700.00 in taxes to the city and to the state and county within the last four years, despite the fact that I have had employment for only seven months during that time. In 1937 my taxes were more than \$200.00.

I lay no claim to better treatment than that accorded other citizens, but I do believe I am entitled to be treated.

## "ORPHANS OF THE STORM"

Feeling a tornado near Clyde, Texas, parents of these babies were killed, their automobile tossed a quarter-mile away. Hours later a telephone inman heard a child's whimper in a roadside ditch. There he found 3-year-old Jesse Donald Rutledge, water up to his chin, holding his 3-month-old brother Darryl's head above water. Relatives being unable to care for the orphans, Red Cross workers arranged a maintenance fund to support them until they are 16. A Texas college promised scholarships and ranchmen started a herd of cattle for their benefit. The Red Cross will help the boys make adjustments as they grow older.

## Statesboro Blue Devils 26; Reidsville High 3 Savannah B Team Coming Here Thursday P.M.

### New Fords On Display Here And Brooklet

The two finest Ford cars in the 35 years of the company's history are now on display at S. W. Lewis here in Statesboro and at the Phebus Motor Co., in Brooklet. The new Fords are on display along with the newest member of the Ford family, The Mercury Eight. Harry Cone of S. W. Lewis, Inc., and Mr. Daves of Phebus Motor Co., both stated that the new Fords and the Mercury Eight were causing much interest. The cars, which are now on display in the sales rooms of the two agencies are individually styled. They both have compelling beauty.

A new feature this year is the introduction of hydraulic brakes on all models.

The De-Luxe Ford V-8 with wholly new streamlines, has a distinctive appearance of its own. At the same time both it and the Ford V-8 share a family likeness with the Lincoln-Zephyr and the new Mercury 8.

The De-Luxe has a deep hood with long lines, unbroken by louvers, low radiator grille in bright metal and wide-spaced headlamps set into the fenders. The words Ford De-Luxe, in script letters of chrome, are divided at the front of the hood. The hood handle is concealed in a vehicle extension of the radiator ornament.

After the game Thursday night Statesboro has but two more games left. Miller here on the local field and the car-haul will drop the following Wednesday when the Blue Devils cross the Ogeechee River to play in Savannah.

At the present Statesboro is one of the leading contenders for the District Championship as they are, along with E. C. L., the only team in the district without a defeat against them. Should the Blue Devils get by Miller and Savannah they will have a clean slate and will probably be a choice for the playoff game for the District Championship Crown.

The current undefeated Blue Devils in six games will march out upon the Statesboro Athletic Association Field again Thursday night to tackle one of the hardest foes on the '38 schedule. It will be an out of district game when the Blue Devils take to the gridiron was again for their 7th game of the season Thursday night at 8 P. M. against the Savannah High School "B" team.

The Blue Devils played the "B" aggregation from Savannah High for the first time last season and they were victorious 12-2 in one of the seasons best. The game Thursday promises to be an exciting good one as the Savannah High "B" sound best one of the strongest in years. Although Savannah defeated them early in the season, it is reported that they are very much improved.

Statesboro High has played six games so far and has not been defeated, but have been tied once in the game against E. C. L. The game ended in a 13-13 deadlock.

Coch Johnson's edition of the '38 Blue Devils boasts the most fighting spirit ever possessed by a Blue Devil team. They have run up a total of 132 points against their opponents to date while they have had their goal line crossed five times and one time it was a field goal to bring the total points scored on them to 29.

The Blue Devils opened the season by crushing Vidalia 13-0; followed by E. C. L., 13-13, defeating the Savannah eleven 20-0, Ludlow 40-0 and Wrightsville in the seasons suggest 20-13 and last Friday night they topped Reidsville 26-3. A total of five wins, one tie and no losses.

Statesboro enters the game Thursday night with all men in good shape and with the anticipation of a hard contest and with the fighting spirit that has been within them for the whole season.

## Three Candidates Qualify For Mayor's Race Dec. 3

Monday night three candidates had filed their intentions of running for Mayor of Statesboro in the coming city election to be held Saturday, December 3. It was learned that a fourth candidate is planning to enter the race before the closing qualifying date Saturday, November 19.

Those who have qualified for the Mayor's race are: J. L. Renfro, incumbent, Dr. R. L. Cone and Dr. J. C. Lane.

H. W. Smith and Roger Holland have entered the race to succeed themselves for two council seats. It is expected that they will toss their hats into the council ring before the closing date.

Mr. Renfro, the present mayor, has served in that place for eight years. Dr. R. L. Cone has been on the city council since 1925, having served as mayor pro tem for ten years. Dr. J. C. Lane enters the race with no previous active experience in city politics.

This will be the first time in a number of years that more than one candidate has offered in the mayoralty race. None of the candidates have as yet indicated on what sort of platform they expect to run.

## Year's Heaviest Run Of Hogs Sold Here Yesterday

Yesterday's sales at the Bulloch Stock Yard represented the largest run of hogs that they have ever had according to O. L. McLemore, manager.

There was extra good demand for light feeder pigs and stocker cattle. Also a good demand for sows and pigs.

With the hog market low all over the country tops brought on the Statesboro market yesterday 6.20 to 6.50 with the majority selling at 6.40 to 6.45. No. 2's brought 6.10 to 6.25. No. 3's, 6.40 to 6.75. No. 4's, 6.25 to 7.25 and No. 5's barbecue and feeder pigs, 6.75 to 9.00.

The cattle market was about the same as last week.

Fat cows brought 3.50 to 4.50; yearlings, 4 to 5.50.

Mr. McLemore states that beginning next Tuesday his sales will begin at one o'clock. This is so that the farmers may get back home before it becomes so late. He added that it will help the progress of the sales if the farmers will get their hogs and cattle in as early as possible.

An exhibit dealing with the varied uses of a one-horsepower portable motor can be put to on the farm proved a popular attraction at the Walker and Chattahoochee county fairs. The exhibit, supervised by J. L. Calhoun, Extension rural electrification specialist, attracted more than 5,000 visitors at the two fairs.

Meeting Last Month

Gus Floyd, Gus Floyd Jr., Mildred Floyd, Hernandez Floyd and Marion Floyd, through their attorneys, D. C. Jones and R. Lee Moore, on Monday morning filed an injunction against the city of Statesboro to prevent the carrying out of condemnation proceedings against a burned house at the corner of Elm and North College Streets.

The house belonging to the Floyds burned about a year ago. The unburned sections of the house were left standing and on October 4, of this year, upon recommendation of the Public Health committee, the house was condemned and a contract to tear it down and move the materials was awarded to Math Proctor on November 8.

The injunction states that the city illegally condemned the house as a nuisance. It further states that the owners wished to repair the building and had attempted to secure a permit from the city to use the unburned and uninjured material remaining in the building and that the permit had been refused. It goes on to say the owners still wish to rebuild the house and that if the city is permitted to tear down the house the owners will suffer a loss of \$800 or more. The petition for the owners kept clean and sanitary all the time the date of the fire and that the party burned house is not a nuisance.

Judge Wm. Woodrum granted a restraining order and will hear the case at the January term of Superior Court to be held on the Fourth Monday in January, 1939.

Other divisions of the parade included the National Guardsmen, the College band, Legionnaires, the Sons of the Legion, Boy Scouts, Girl Scouts, the High School Band, The American Legion Auxiliary, and official cars representing the various civic, fraternal, and cultural clubs in the city. The parade marched through the streets to the martial strains of the bands. The streets were lined with people, the banks, stores and all business houses being closed for the holiday. The parade proceeded to the vacant lot in front of the tobacco warehouses where the National Guardsmen passed in review. From there the crowd gathered at the Methodist Church where Captain C. F. Duffner of the Eighth Infantry, Fort Screven, made the principal address. He emphasized adequate national defense as the best assurance of peace.

At the noon hour service men and their families enjoyed a barbecue dinner at the armory.

After dinner the Legion and the Legion Auxiliary had a brief business meeting. At which time committees were appointed to select a suitable site for a Legion Home and to draw up plans.

R. E. Davis, Extension beef cattle specialist, has recommended to 4-H club members who have borrowed money to purchase calves that they arranged for insurance on the animals so the lending institutions will be protected in the event the calves should die before the notes are paid.

## \$1,023,768.63 PAID BULLOCH COUNTY FARMERS SINCE 1933

Orders For Winter  
Cover Crops This Year  
Reach 175,000 Pounds

Subsidy payments on cotton grown in 1937 have been delivered to 1887 work sheet signers in Bulloch county totaling \$140,513.67. There are more than 2200 work sheet signers in the county, which will make the total payments under this program amount to more than \$200,000.

The payments received to date brings the total money paid to Bulloch farmers by the Agricultural Administration since 1933 to \$1,023,768.63. These farmers have already qualified for some \$300,000 in the 1938 program.

Payments for 1935, when all the farmers were cooperating with the program, amounted to \$262,304.47. In 1936, when the soil conservation program was optional and the farmers did not cooperate as much as possible under the program, the payments were \$160,030.25. The payment dropped to \$100,690.11 in 1937 when it was again optional for the farmers to cooperate.

One payment Bulloch farmers are qualifying for in 1938 that they have more or less overlooked is the soil building practices payment. In 1933 the cooperative orders for winter cover crops amounted to some 800 pounds of seed. These orders for winter cover crop seed have gradually increased since that time until this year they have already reached more than 175,000 pounds. This effort to build the soil will also mean some \$95,000 in soil conservation payments to Bulloch farmers.

## CHILD HEALTH AND WELFARE COUNCIL ASKS FOR OLD TOYS

Allen Lanier To  
Repair and Renew To  
Give Needy Children

Miss Mildred Lloyd, associated with the Bulloch County Child Health and Welfare department announced this week that the Child Health and Welfare Council will receive and redistribute all old toys to be distributed to the underprivileged children of the county.

Miss Lloyd stated that these old toys may be brought into her office in the Brannen Hotel building on W. Main Street or may be delivered to Mr. Allen Lanier. Or if the owners of such toys will phone the Welfare office, at 446 and give their names and addresses the department will send for the toys.

Mr. Lanier will repair and renew these old toys so that they may provide a number of underprivileged children with a Christmas they may not otherwise be able to have.

Miss Lloyd added that they will also receive old clothes and shoes for distribution to the needy. She explained that there are a number of beggars who are going about the streets of Statesboro who are asking for clothes and aid at the doors of the citizens of Statesboro. "If, when one comes to your door, you will tell them to come to the Welfare office we will see that they are given an opportunity to work for a while and they will be provided with food and clothes where they are needed," said Miss Lloyd.
