

Round Robin

(Continued from Page One)

find Mrs. Franklin sitting in the gallery of the House of Representatives. Mrs. Franklin states that she intends to spend most of her time right there and really enjoys the show the representatives put on.

Perhaps the most "seen" man in the corridors of the state capitol is a man that has been very much in the lime-light in Bulloch and Screven in the past year. He is none other than Albert L. Cobb. We talked with Mr. Cobb for a few minutes, but he did not state his purpose for spending as much time as he is in the state house.

The Bulloch delegation has not introduced any bills in the House or the Senate yet. We understand many bills are to be introduced, but have not been completed. Governor Rivers spent most of last week out of the city attending meetings in Washington with other Southern Governors. He is now back in his office and will deliver the first of three messages to the General Assembly today (Wednesday) at 11:30. This message will concern departments which operate on allocated funds and services they render; the second, a similar discussion of departments financed by appropriations, and the final talk a presentation of the state's needs.

The Henry Grady Hotel is the mecca for all the state politicians. This hotel is crowded to capacity with representatives and senators, and far more laws are made there at night than the average persons would suspect. Most any night you can stand in the lobby of the hotel and see the political big-wigs in a huddle, and quite often you see the Governor enter or leave the hotel in much haste. Darwin Franklin, who does not live at the hotel, but out in the city states that he intends to go by the Henry Grady Hotel and keep an ear close to what is happening.

PLAY TO BE PRESENTED AT MIDDLEGROUND SCHOOL
A one-act play entitled "Marrying Off Father" will be presented Friday night, Jan. 27 at 8 o'clock in the school auditorium by the ninth grade students as a part of their contribution to the drive to raise funds for the aid of crippled children in Georgia particularly. The public is cordially invited to come and enjoy this play. The admission will be 10 cents for adults and 5 cents for children. Don't forget the time, and may every person who wants to contribute to this worthy cause be present.

Mrs. Virgie Lee Hilliard and Miss Sallie Prince spent the weekend in Macon with Mrs. Hilliard's nephew, Dr. J. B. Lee.

Miss Mary Margaret Blitch of Savannah spent the weekend with her parents, Mr. and Mrs. W. H. Blitch. Mr. and Mrs. A. M. Braswell and Mrs. H. H. Cowart left Monday for Atlanta. They will return today. W. H. Blitch spent this weekend here with his family.

Board Of Regents Points To Needs Of University System

In a resolution adopted at the meeting of the Board of Regents held January 13, 1939, in Atlanta, presented to Governor Rivers and to the Speakers of the Georgia Legislature, the Board points out that if the appropriation to the Board of Regents is cut to 55 per cent it will be facing real tragedy so far as the state's institutions of higher education are concerned. In the resolution four alternatives which the Board faces are offered for consideration.

The resolution in full is as follows:
"RESOLVED, That the Board of Regents of the University System of Georgia respectfully calls the following to the attention of the General Assembly of the State of Georgia, and to the attention of the people of our state:

"In the fall of 1938 there were in attendance at the state's institutions of higher learning approximately 6,000 college students. During the fiscal year the state paid over to such institutions in excess of \$2,000,000.

"In the fall of 1938, the year after this Board took charge of the institutions of higher education, there were in attendance in said institutions approximately 8,000 college students. In that year the state paid for the maintenance of such institutions approximately \$1,500,000.

"This past fall—that is to say—the fall of 1938 there were in attendance on the campuses of the University System approximately 13,000 students.

"If the appropriation to the Board of Regents for the maintenance of these institutions is cut to 55 per cent as will be necessary unless further revenue is produced for the State of Georgia, we will receive, for the maintenance of these institutions, and for furnishing instructions to these 13,000 students, slightly less than \$1,000,000.

"The steady increase in enrollment in these institutions has not been accompanied by any increase in payment for their maintenance. On the contrary the amount actually received from the state has been steadily diminishing.

"The scope of the problem now presented to this Board is shown by the fact that we have more than twice as many college students as were in attendance in the state institutions nine years ago, and if only 55 per cent of our appropriation is paid, we will receive from the state for the maintenance of these institutions less than half as much as the state was expending for this purpose in 1929.

"Even the foregoing does not present fully the weight of this problem. The statement as given has dealt only with attendance on campus at the fall session. An ever greater rate of increase in attendance at summer school has taken place, and a much greater increase has developed in the demands on the extension service conducted by the Board.

"When the committees of the General Assembly were considering the last appropriation bill this Board cut its estimates to the bone and asked only the amount that was absolutely necessary to maintain its services with the Board.

"RESOLVED FURTHER, That a

copy of this resolution be furnished to Governor E. D. Rivers, to the President of the Senate, and to the Speaker of the House, and that copies be given to the press.

"This, the 13th day of January, 1939.

L. R. Siebert, Secretary of the Board of Regents of the University System of Georgia.

out deterioration. If we could receive this amount from the state we believe we could, through rigid economy, furnish fairly adequate services although we could not, even with such appropriation paid in full, furnish as satisfactory service as the young people of this state should have.

"When, however, we are faced with the prospect of receiving only 55 per cent of such appropriation we feel compelled to say to the General Assembly with all the earnestness we can muster, that we face a real tragedy so far as the state's institutions of higher education are concerned.

"Consider the alternatives which we face:

"1. We cannot increase the number of students to an instructor because we are already beyond the limit considered tolerable under educational standards.

"2. We cannot reduce further the salaries of our teaching staff because we are already faced with the danger of losing many of our most desirable professors due to the fact that other institutions are able to pay better salaries.

"3. We cannot effect further economies because we have already gone beyond any sound limit along this line. This is most noticeable in the failure to make needed repairs, with the resulting deterioration in the properties needing the repairs.

"4. There remains only the alternative of increasing matriculation fees to students.

"Permit us to say that this last step should be looked on as a disaster. It will undoubtedly force out of these institutions many deserving young men and women who could not meet the increased charge and would thus be deprived of the opportunity of continuing their education. Anyone who bears in mind the low ranking that this state has heretofore held in education, who realizes the tremendous steps forward which have been made in the last few years, who sees as we see, the great possibilities for the state if this educational progress can be continued, must recognize that an increase in these matriculation charges forcing students out of the institutions, would be nothing short of a disaster.

"We are entirely confident that the General Assembly in its wisdom and patriotism will solve this problem. For such aid as it may be to them we deem it our duty to make this declaration to the necessity with which we are faced.

"RESOLVED FURTHER, That a

copy of this resolution be furnished to Governor E. D. Rivers, to the President of the Senate, and to the Speaker of the House, and that copies be given to the press.

graph. We are going to have a sand table on them. We wrote stories on Holland and are working on a fiction. Those making 100 in spelling are: Irish Knight, Carolyn Bowen, Charles McGalliard, Sara Beth Woods, Melvin Page and Junior Black.

SEVENTH GRADE
The seventh grade is studying about mining. Those making 100 in spelling this week are: Geneva Strickland, Ruth Hale, Willa Lee Holland, Miss Emily Woodward, Erol Flynn, Basil Rathbone, R. J. Brannen, Neal Brown. It was directed by Mr. Harville.

MISS FRANESETH VISITS
Miss Franeseth visited in our school on Monday of this week. The main purpose of her visit was to teach fundamentals of music.

THIRD GRADE
Miss Jane Franeseth was a visitor in the third grade Monday morning. We sang songs for her. Our teacher told us a new story. Earl Alderman told us the story "Why the Rabbit's Tail is Short."

FOURTH GRADE
We are drawing pictures of the Eskimos. The girls are writing stories about the pictures. Every morning our teacher looks at our teeth, hands and hair and a chart is kept of how well kept they are. We are writing short stories in English. We are trying to get everybody to buy a button to help fight Infantile Paralysis. We enjoyed having Miss Franeseth with us.

FIFTH GRADE
We have our harmonica back and there are eleven in The Harmonica Club. We are enjoying it very much and are glad that we have them back.

SIXTH GRADE
We are studying Holland in geography.

meeting Wednesday. Dorothy Collins and Virginia Williams served and Edna Mae Akerman and Dorothy Carolyn Riggs entertained.

Railway

SAFETY IS NO ACCIDENT

EMPLOYEES of the Georgia Power Company believe wholeheartedly in highway safety, and they are giving real cooperation to the statewide effort of public officials, newspapers and private citizens to reduce automobile accidents. During the past twenty months, they operated Company cars 15,902,977 miles without a single fatal accident. That is the record of Georgia's biggest automotive fleet, the familiar red cars and green trucks you have seen so often, more than 700 of them.

This record, itself, is no accident. It is one result of an active and aggressive safety campaign the Company has conducted for years. Not only has it developed habits of carefulness among Georgia Power Company people but it has also fitted large numbers of them to be of real service to others when accidents occur. More than 350 of our 4,500 employees have earned standard Red Cross first aid certificates; over 1,500 others are now voluntarily enrolled in first aid classes conducted by accredited Red Cross instructors.

On the highways and elsewhere, this Company's workers are enthusiastically helping to reduce the tremendous toll of public accidents—not only by their words but by their actions.

STATESBORO, GEORGIA WEDNESDAY, FEB. 1, 1939

NUMBER 46

WOMANS CLUB TO SPONSOR GEORGIA PUBLIC FORUM SERIES

Chamber of Commerce
To Direct First
Forum February 7

According to an announcement made by Mrs. J. O. Johnston, the Citizens' committee of Statesboro Women's Club is sponsoring the Georgia Public Forum, under the direction of Miss Emily Woodward. The first Forum will be presented by the Statesboro Chamber of Commerce, co-operating with the Citizens' committee, when Mr. R. L. Ramsey, the State Executive Secretary of the Georgia Education Association will speak here February 7. The Forum will be held at the Woman's Club home with Dr. A. J. Mooney, president of the Chamber of Commerce presiding. Dr. Mooney states that the Forum is attaining state-wide acclamation and is doing a great deal toward acquainting the people of the state with many problems of the day. He adds that the public is invited to attend and enter into the discussions.

A forum for women will be held at the Woman's Club Room February 16 at 3:30 o'clock. Mrs. J. O. Johnston, Statesboro Forum Leader will be in charge of the meeting. Miss Emily Woodward, who directs the state Forums will be the speaker and will talk on the subject "Georgia's Magnolia and Tobacco Roads."

The Bulloch County Library is also co-operating with the citizenship committee by having on reserve several worthwhile books on citizenship. These books have been loaned by the Georgia Library Commission and will be available at the local library during February. Mrs. Johnston points out that of special interest to women is "Studies in Citizenship for Georgia Women" and "Hindrances to Good Citizenship." The latter book will be in the library after February 14 and until March.

The Citizenship committee urges all who are interested in the study of citizenship to attend these meetings. They are proving to be very interesting over the state. Many of the state's outstanding personalities are available for these Forums.

Mr. and Mrs. George Holland, \$5.00 per month, same to be paid to George Parker and has been serving for the past year under an expired commission. Formal notice from the Post Office department of his resignation is expected within a few days.

Sylvania Taylor be paid \$1.50 per month, payable to A. J. Knight. Having come to our attention by the Chairman of the Board of County Commissioners that the County finances are in bad shape and that there is a vast sum of uncollected taxes. We especially urge the officials in charge of tax collections to make every effort possible to relieve the financial strain of our County by collecting the taxes that are now past due.

We, the Grand Jury, after a thorough discussion recommend to our Legislators to amend the bill creating our Tax Commissioner to also make the Tax Commissioner Ex. Officio Sheriff with the authority and power to collect all taxes and tax in fee where necessary.

We wish to respectfully make known to the Court that this Grand Jury has been greatly concerned with the prevalence of law violations and disturbances of the peace by the various forms of misconduct carried on, and permitted to be engaged in, in and about some of the public places of amusement and entertainment in this county. It is the opinion of the Grand Jury that the environment in and about such places is not conducive to good behavior nor toward the protection of those who may frequent them.

The Grand Jury, in particular, wishes to call the Court's attention to that place in Bulloch county, known as the "Show Boat" and formerly known as "Hopulikit."

A laxity in the proper management of this place and the lack of a proper respect for the laws of the State seem to prevail there; and matters have come to the attention of this body relative to it which cause great apprehension both for the peace and safety of the public and for the possible cost to the tax payers of said county in undertaking to enforce the laws which may be violated there.

It is, therefore, recommended that the Solicitor General of the Superior Court, look thoroughly into this situation and that he shall take such legal action as may be necessary to close said place as a nuisance; and

On the Botany program with Mr. Turner was Mr. Percy Averitt who gave a selection on a musical saw. Dr. Marvin Pittman and Dr. A. J. Mooney gave selections on the french harp.

L. B. TAYLOR TALKS AT UNION MEETING AT EMIT GROVE CHURCH

Mr. L. B. Taylor, manager of the local Rogers store, was the principal speaker at the regular fifth Sunday meeting of the Emit Grove Church last Sunday. Mr. Taylor spoke on "What Has The Church to Offer."

Others on the program with Mr. Taylor were Ethel D. Proctor and E. L. Harrison.

Chain System Used in Elsa School In Improving Stock Breed

Cooperative programs can be made more effective if started with boys, states J. C. Cato, principal of Elsa school.

Practicing what he preaches, Mr. Cato's latest efforts along this line was with a group of about 12 of the 4-H club boys and buy a purebred Black Poland China sire for use in the community. Every one of the some 25 boys who are 4-H club members in Elsa school has a purebred pig. A chain system of distributing gilts has been started also. Mr. Cato has promised to give certain boys a pig if the boy in turn will give him two pigs out of the first litter to pass on to other boys in the community.</

THE BULLOCH COUNTY SCHOOLS

In a letter from Mr. Zack Arnold, State Auditor, to County School Superintendent H. P. Womack it is learned that the teachers in this county as well as the other counties in the state, may expect to receive payment of salaries about March 20, 1939, for the month of December, 1938, and an additional payment to cover approximately 30 per cent of January's salary about the middle of June, 1939.

In the light of this condition the audit of the Bulloch county Board of Education presents an interesting picture. The audit is dated January 20 and covers the period, year ending June 30, 1938, and is signed by Zack Arnold, State Auditor.

According to the audit, "The Schools of Bulloch county are supported by the maintenance taxes levied by the local districts, the 6 mills county-wide tax and the state allotments. The local districts treasurers handle only local taxes for interest and redemption of bonds. One building was erected from proceeds of bonds issued and sold in this fiscal year."

The County Board continues in debt as is shown by the following summary of financial condition at June 30, 1938.

ASSETS:	
Cash in bank for operations	\$ 333.53
LIABILITIES:	
Loans payable - Borrowed money	9,650
Unpaid teachers salaries	5,507.32
Unpaid teachers salaries (May, 1938)	7,869.10
Unpaid accounts (back years)	25,229.42
TOTAL LIABILITIES	\$45,255.74
DEFICIT - Excess of Liabilities	\$47,922.21
	(Red)

"It should be stated that some claims for back years accounts may not be presented for payment and some claims be disallowed. The County Board has set up as accurately as possible the accounts payable inherited from former Superintendents, but some are subject to adjustment. The salaries of teachers for the months of September, 1937 and May, 1938, to complete the nine months term in several schools, largely remains unpaid.

"The Board's financial condition has changed but little from its condition at the end of last year. It seems that if the Board of Education is to get on a pay-as-you-go basis there must be a material increase in revenue for schools. There will be a prefore a lower return from tax levies than last year, so that help cannot come this year from local levies. The Board will inevitably be forced to borrow or to operate seven months, or both, until the support from the State and local sources is adequate

Including the independent systems of Statesboro a summary and consolidation of all receipts and disbursements for the County as a unit follows:

RECEIPTS:	
State Department of Education	\$143,685.90
County-wide and Local	
Maintenance Taxes	26,654.60
City of Statesboro for schools	14,204.20
(From Seven-Mill Tax for Schools)	
Local Tax for interest and bonds	13,260.63
Bond Issues for new buildings	4,506.75
Miscellaneous Sources	1,386.47
Loans, Borrowed Money	15,437.30
Balances, July 1, 1937	8,676.52
TOTAL	\$227,812.37
PAYMENTS:	
Control - Instructional, transportation and Maintenance Services, including Interest on Bonds	\$188,999.23
Bonds Retired	6,708.74
Outlay, (School Building and Equipment)	4,851.02
Loans (including old) Repaid	21,808.50
Balances June 30, 1938	6,444.88

TOTAL \$227,812.37
The comments close with the statement that the educational program, administration supervision, teaching and physical facilities have been consistently and commendably maintained and improved, in spite of the deficit, it adds that if this could be wiped out there is every reason to believe in even greater educational progress in Bulloch county.

The Editor's Uneasy Chair....

The Almanac says the weather today will be severe.
Thursday, February 2, Windy.
Friday, February 3, Windy and Rain.
Saturday, February 4, Rain.
Sunday, February 5, Colder.
Monday, February 6, Cold.
Tuesday, February 7, Heavy.
BUT DON'T BLAME US IF THE ALMANAC IS WRONG.

John Thayer says that Dewey Lee has the prettiest face he has seen in the county.

George Miller of the Macedonia church sometime ago had some of the teeth in the left side of his face removed and it is said he makes a "left handed speech" . . . Dan R. Groover of the Emit Grove Church about the same time had some teeth in the right side of his face removed. It is said that he now makes a "right handed speech." So along comes Cliff Bradley of the Statesboro Baptist Church and with his front teeth out makes a "down the middle speech."

Ben Smith says that when you want something done ask a busy man.

Fred Brannen in response to the question "Howdy," replies "just-a-sitting-up, thank you."

BEST STORY OF THE WEEK concerns R. J. Kennedy, Jr., now living in Macon. When R. J. was a little boy he did not like storms and expressed his dislike by running to his mother and making her hold him on her lap. One night a heavy storm was raging outside and for the first time doubt entered his mind that his mother's lap provided the safest retreat from the storm. Even at that tender age the Kennedy faith was developing when he casually stated "If God was down here I would go and sit on his lap."

REMEMBER WHEN you used to wave at the engineer of a train as you waved at a railroad crossing and the thrill you experienced when he lifted his hand with his elbow on the cab window and the fireman pulled the whistle cord and the whistle went hwooo-ah-whooh.

Upon seeing the clay hills up around Atlanta we wondered why all the people in the world don't gather up their possessions and move to Bulloch county.

Do you ever notice the feeling you have upon coming back into Statesboro when you have been away for a few days?

And if Rob "Believe It Or Not" Ripley does not feature Marion Turner we miss our guess. Marion Turner can do what no other man can do. He can go about quietly whistling at his work. He whistles with his mouth closed or with his mouth filled with water or with a piece of adhesive tape over his lips, it's all the same to him. He amazed the members of the Rotary Club Monday when he put on a demonstration that would have floored even Mr. Ripley. And "Believe It Or Not" Marvin Pittman and Dr. A. J. Mooney blew through the reeds of a mouth organ and out came music.

DO VS. DON'T

Last year a farmer died just before his two-horse crop of cotton was to be planted. His widow went for advice to neighboring farmers who were outstanding cotton growers. She followed their advice in everything except in poisoning her cotton against the boll weevil.

Her neighbors told her that if the year were dry she would not need to poison her cotton and if the year were wet, the rain would wash off the poison and the boll weevil would get her cotton any way.

She insured her home even though she did not expect that it would burn that night and she decided to poison her cotton for the same reason. She produced ten heavy bales of cotton on twelve acres while her neighbors made about one-third bale per acre.

Insure against the boll weevil by three applications of the molasses-poison mixture just after chopping and before squaring. The cost, including labor is about \$1.25 per acre.

Brooklet News

Mrs. C. B. Fountaine is spending some time with relatives in Florida.

Nevils News

HOME DEMONSTRATION CLUB MEETS

On Wednesday the January meeting of the Nevils Home Demonstration Club was held in the New Home Economic Department of Nevils School. A large crowd was present to enjoy a splendid address delivered by Mrs. Mann of Brooklet on "Landscaping." This message was very interesting to all present for we are all anxious to make our home and grounds more beautiful. Mrs. Mann, in a very tactful manner presented a personal plan of her own home lawn and grounds and insisted that all gardeners make a plan on paper and study it before planting any shrubbery around the home. If its on paper it's easier changed than being transplanted to a place which will be subject to change, if not thoroughly convinced that, that is its permanent spot of living. Mrs. Mann tried to introduce some of the most beautiful and common native plants to the group, which is very appropriate for their home grounds and very economical to obtain.

It was at this meeting that a delegation volunteered to attend the county demonstration club council to be held Saturday P. M. at the Woman's Club Rooms in Statesboro. Several interesting contests and games were directed by the Recreational chairman, Mrs. Ruel Clifton. After the games the meeting adjourned to enjoy light refreshments served by Mrs. C. E. Stapleton, Mrs. Donald Martin and Miss Maude White.

NURSE TO VISIT SCHOOL
Miss Elsie Bailey, county nurse, will visit our school this week and give a physical examination to the basket ball players and most of the classes.

INFANTILE PARALYSIS DRIVE
Much enthusiasm was aroused at

Nevils last week over the sale of Buttons to help with the Infantile Paralysis Drive.
The Negro Minstrel sponsored by the Nevils PTA, with the Faculty members acting as "Black Faced Comedians", was successful. A nice little sum was realized to keep along with the "Drive."

Pre-Vue Of World Fair On Motorcade

Grover Whalen bid the New York World's Fair 1939 Pre-View on Wheels and Southern Motorcade, God-speed at a farewell ceremony held at the Fair at 10 A. M. on December 27.

The Motorcade left for a tour of more than 11,000 miles and will drop in 388 Southern communities. Its first showing will be given in Hopeville, Va., and will depict, in large-scale diorama form, the Fair's Theme Center with its Trylon and its Perisphere, the state, national and international buildings, and the visiting crowds highlighted against a 60 foot panorama of the Fair on canvas.

Officially approved by the New York World's Fair the exhibit is replete with light, color and movement.

Fluoridized and sound projection add to its realism. The Motorcade consists of two trucks and trailer combinations which can set up in semi-circular arrangement to give full play to the color projection, or as a curb-side show.

It is sponsored by the distributors of Arcadian Nitrate, the American Soda and carries an animated exhibit "The South Self-Contained" which employs the use of a pictorial map with lighted zones to demonstrate the distribution of Arcadian Nitrate through the Southern States.

SOCIETY

SERIES OF PARTIES
HONOR MRS. CASTLE
WHO LEAVES SOON
FOR BAXLEY.

Mrs. Goodwin Castle who is leaving Statesboro to make her home in Baxley has been the inspiration of many social affairs during the week. Last Saturday evening Mr. and Mrs. W. L. Waller and Mr. and Mrs. Jordan Printup complimented Mr. and Mrs. Goodwin Castle with a delightful dinner bridge followed by dancing at Cecilia. The guests were entertained at the home of Mr. and Mrs. Printup on South Main street. Narcissus and gladioli were used in artistic profusion in the living room and dining room.

Bridge and Ping Pong were the features of entertainment. At bridge the high score awards went to Emitt Atkins and Mrs. Grady Bland. The hosts presented Mrs. Castle with a lovely ivory bowl.

Winners at Ping Pong were Mrs. Castle and Jack Autry.

Mrs. Bob Bryan assisted the hostesses in serving a delectable course dinner. Covers were laid for Mr. and Mrs. Castle, Mr. and Mrs. Emitt Atkins, Mr. and Mrs. Grady Bland, Mr. and Mrs. Roy Bray, Mr. and Mrs. Jack Autry, Mr. and Mrs. Printup and Mr. and Mrs. Waller.

The party concluded with dancing at Cecilia's.

On Wednesday Mrs. Byron Dyer entertained her bridge club with Mrs. Goodwin Castle as her honor guest. Camellias in exquisite arrangement adorned the room where the tables were placed.

Each member presented Mrs. Castle with a remembrance gift. Mrs. Dyer's gift to her guest of honor was a compact.

Miss Rita Lindsey assisted Mrs. Dyer in serving a variety of sandwiches and coffee.

Those playing were: Mrs. Castle, Mrs. Harry Sack, Mrs. Jordan Printup, Mrs. W. L. Waller, Mrs. Bob Bryan, Mrs. Leonard Nard, Mrs. Robert Benson, Mrs. H. C. McGinty and Mrs. Byron Dyer.

Mrs. Leonard Nard was a charming hostess on Tuesday at her home on South College Street. Mrs. Bob Bryan, Goodwin Castle was honored. The hostess presented the honoree with a hand embroidered laundry bag.

The guests played rummy and the award went to Mrs. J. E. Williamson. Refreshments consisted of sandwiches, crackers and coca cola.

Mrs. Castle was again honored on Thursday afternoon with a delightful bridge party given by Mrs. Harry Sack. Mrs. H. S. Buckley received the high score award, and Mrs. Castle was the recipient of cellophane refrigerator dish covers.

Mrs. Sack served a salad course and coffee.

On Friday morning Mrs. Goodwin Castle who has been feted by her many friends before her departure for Baxley entertained at her home with two tables of bridge and one of checker-chess. Her rooms were effectively decorated with Christmas honey-suckle and flowering quince.

In the bridge games Mrs. Bob Bryan awarded a piece of pottery for high score, and Mrs. W. D. McGauley was given a what-not novelty for low.

At checker-chess Mrs. Roy Bray received a crystal vase, and Mrs. Leonard Nard also received a what-not novelty.

The guests were served coffee and doughnuts on their arrival.

MRS. GOODWIN CASTLE
HONORED AT PARTY

A pretty party concluding a series of parties given for Mrs. Goodwin Castle was the bridge party Saturday afternoon given by Mrs. Emitt Atkins and Mrs. Grady Bland at the home of the former. Narcissus and gladioli were used in artistic profusion in the living room and dining room.

Mrs. Homer Parker, for high score received a pot plant. Mrs. Preston was given a piece of pottery for cut. Mrs. Castle was presented by the hostesses with a lovely table lamp.

The guests were served cherry pie ala mode with salted nuts and coffee. Playing were: Mrs. Castle, Mrs. Homer Parker, Mrs. Preston, Mrs. Roy Bray, Mrs. Porter Stephens, Mrs. W. L. Waller, Mrs. Jordan Printup, Mrs. Jack Autry.
