

Blue Tide's Gridiron Schedule Announced For '39

With only eight of last year's team among the forty reporting for practice the Georgia Teachers College Blue Tide began practice here early this week to do justice to one of the toughest schedules in recent years.

According to Coach B. L. "Crook" Smith, the prospects for the line are good while the backfield is light and inexperienced. He is expecting to have fifty or more out for practice by the last of this week when the Tide will begin scrimmaging. The schedule for this year includes games with Armstrong, University of Havana, and Appalachian Teachers.

Members of last year's Blue Tide who have reported for practice this fall include: Herschel Hamill, Arlington, who played end every game last season; Jody Robertson, of Americus, veteran linebacker; and Robert Moss, Doon, and Orman Hamilton, of Brunswick, in the backfield; and Charles Smith, Tifton; Haygood Morrison, Thompson; Joe Joyner, of Jesup.

While the members of last Fall's Tide are swinging back into form easily, newcomers who are showing up well are: Hill Paschal, threat from Albany, Red Ivey, Colquitt; and Reese Ellison, Americus in the backfield; while H. L. Davis of Brunswick has 230 pounds on the line.

Teachers College students of last year who are reporting for football practice this fall include: Theron Anglin, Wadley; Clay Walker, Tennille; Delmas McGowan, Metter; and Lawrence Enloe of Atlanta.

Others answering the mighty "Crook" Smith call to the gridiron are: Joe Feaster, Bath, S. C.; Tim Crawford, Americus; J. C. Shiffey, Colquitt; N. H. White, Americus; John Dunn, Charles Wright, and Ben Butte, of Spartan; James Brown, Hinesville; William Cox, Dawson; Lloyd Braden, Macen; Carl Gave, Waycross; Bill Lynn, Belleville; W. B. Shivar, Brunswick; N. V. Sperry, Reidsville; Jack Morgan, Abbeville; J. D. Langley, Cedartown; James Hall, Norman Park; and George Pafford of Homerville.

The correct Teachers College football schedule for 1939 is: Sept. 23 Oglethorpe in Atlanta, Sept. 29 Stetson in DeLand, Fla.

Oct. 7 Jacksonville (Ala.) Teachers in Statesboro.

Oct. 14 University of Havana in Statesboro.

Oct. 20 Troy Ala. Teachers in Troy, Ala.

Oct. 27 South Georgia State in Douglas.

Nov. 4 Sneed College in Statesboro.

Nov. 10 Middle Ga. College in Cochran.

Nov. 18 Appalachian Teachers in Boone, N. C.

Nov. 30 Armstrong College in Statesboro.

Dec. 9 University of Havana in Havana.

Leefield School News

All the patrons interested in Leefield School are requested to meet at the school Friday, September 15 for the purpose of cleaning up the building and grounds. Please bring necessary tools to work with.

The Leefield School will open Monday, September 18. All children entering school this fall are urged to register the first day.

The teachers for this year are: Mrs. Floyd Hulsey of Statesboro, first grade; Miss Watkins of Reidsville, second and third grades; Mrs. L. D. Boykin, fourth and fifth grades; and L. D. Boykin sixth and seventh grades.

PORTAL F. F. A. NEWS

The Portal Chapter of F. F. A. boys are running a demonstration showing the effects of Nitrogen on one plant with a joining plant with no Nitrogen.

This nitrogen is furnished by the Chilean Nitrate of Soda Company, the makers of Natural Nitrate of Soda and the plants are located with Mr. W. W. Woods on route 80 about a half a mile out of the town of Portal.

The demonstration has proven quite a success as you can ride down the road and see the two different patches, and see the difference in growth and the number of bolts to the stalk.

The F. F. A. boys are holding a guessing contest as to the yield of the two plots: one with Nitrate added and the one with no Nitrate. If you have not made a guess, see any of the Vocational boys and ask for a card and fill it out as you may be the winner of \$2.00.

The Portal Vocational boys have a corn demonstration showing the effects of Nitrogen on three plots of different amounts of soda per acre.

One plot has 300 lbs. per acre, one with 200 lbs. per acre, and one with 100 lbs. per acre, and one with no Nitrate of Soda. This demonstration is being run with Mr. W. W. Woods on U. S. Route 80 just out of the city limits of Portal. The Barrett Company, makers of American Nitrate of Soda are furnishing the Nitrate in this demonstration and if you have not made a guess call for a card and fill out same as you may be the winner of \$2.00 in cash.

KIDDE REVUE AND SCHOLARSHIP CONTEST; REGISTER

Tomorrow night, September 15, at eight o'clock Register High School Seniors will present a Kidde Revue, together with a Scholarship contest.

The program will feature singing and dancing by talent drawn from Bulloch and Candler counties.

A loving cup will be given the winning baby in the Kidde Revue. A number of seniors are entered in the Scholarship contest, the winner of which will compete with other school winners to receive a Scholarship in a school in the University System of the State.

There will be a small admission.

W. H. WALKER, WILD LIFE RANGER DEFINES PRIVATE POND

Mr. H. H. Walker, Wild Life Ranger for Bulloch Evans and Candler counties, stated today that there is some doubt as to what constitutes a "private pond." He said that the definition of a private pond is "a pond which lies in the bounds of a single ownership, and which has no inlet through which fish can pass to other waters under other ownership, he owner of a private pond, his tenants and their families, with the consent of the owner, may fish in such pond at any time provided they comply with the fishing license law."

Georgia climate is marine with continental influence. The rainfall averages 44 inches for Swainsboro to 70 for Clayton annually.

Chartered in 1785, the University of Georgia in Athens is the oldest state chartered university in the United States.

Purebred Cattle Herd Started

There is a possibility that Bulloch county farmers can in the near future purchase herd sires for their cattle in the county from the Prince Domino line of Hereford breeding.

G. B. Bowen has purchased six outstanding Hereford heifers from Nell W. Task as a start toward an outstanding purebred herd. Mr. Bowen has been raising high quality cattle for several years. However, his cattle in the past have been native cows bred to purebred sires. He now has an outstanding herd sire from a nationally known western herd. Mr. Task has practiced select breeding for several years and now has perhaps the outstanding Hereford herd in the southeast as far as quality is concerned. With heifers from this herd as a foundation, Mr. Bowen is off on the purebred line with the best breeding that can be procured.

Ivy Anderson thought enough of the cattle at Mr. Task's farm to buy a herd sire to make his start in the beef business.

John H. Brannen, John B. Fields, C. B. Gay, and P. F. Martin, have previously purchased herd sires from this herd of cattle.

Mr. Task has practiced going from herd to herd in the west and buying the outstanding cows and sires until now he has just the type of cows he thinks are the ideal. The herd he has built up is now producing calves that are purchased by purebred breeders for large prices, some as high as \$2,500 per head.

Mr. Task has practiced going from herd to herd in the west and buying the outstanding cows and sires until now he has just the type of cows he thinks are the ideal. The herd he has built up is now producing calves that are purchased by purebred breeders for large prices, some as high as \$2,500 per head.

HOW MANY IS A BILLION

With talk of high taxes, and war and such, the figure "billion" is used often. So that our readers may know and partially realize what a billion dollars amounts to we pass along an article appearing in an exchange:

One thousand million is correct-and-as-in-comprehensible as the distance to the nearest star to count ONE BILLION at a speed of 100 per minute for every eight hour working day and night and six day week will take 68 years for one person to complete the job.

A United States silver dollar is the best known unit of size and value to use in attempting to demonstrate the magnitude of a billion by visualizing what might be done with a billion silver dollars, each a 1 1/4 inch circle, 10 to one inch, 17 to one pound.

One billion silver dollars stacked up would stand 1,578 miles high, will weigh 29,400 tons and more than fill a room 50 feet square and high. 34,000 new silver dollars will make one ton.

Eight silver dollars laid flat in a line equal one foot; 2,240 silver dollars will equal one mile (5,280 feet).

One billion silver dollars strung out ribbonlike in a straight line will extend 23,674 miles or 95 per cent of the distance round the earth (24,902 miles).

One billion dollars laid flat carpet-like will cover 385 acres. One acre is only 43,560 square feet.

Incidentally, to illustrate the magnitude of a National debt of 40 billion dollars (\$320.00 for each one of the 125 million population) visualize a string of silver dollars a million miles long that would extend 38 times around the earth, will weigh more than one million tons and will cover a flat surface of 22 1/2 square miles.

For one person to count 40 billion silver dollars, would take from 780 B. C. to 1940 A. D.

The Editor's Uncasy Chair

THE ALMANAC SAYS THE WEATHER

Today, (Thursday), September 21 will be milder. Friday, September 22, will be cooler. Saturday, September 23, will be cooler. Sunday, September 24, will be windy. Monday, September 25, will be windy. Tuesday, September 26, will be cooler. Wednesday, September 27, will be cool. But Don't Blame Us If The Almanac Is Wrong

Scene: Any place where two or more persons gather.

Time: Anytime during the day.
Characters: Tom, Dick and Harry.
Tom: "Well, Dick are you ready?"
Dick: "Yeah, got my gun all slick as a whistle."
Harry: The way I see it we'll be over in a six months."

Tom: "Look's that way, right now, but you can't ever tell. Now if those Russians do what it looks like they are going to do England and France better look out."

Pause

Dick: "Little cooler today, don't you think. But, boy, last Saturday like to have got me. Somebody said the thermometer went up to 100 for the fourth time in sixty years in September."

Tom: "I kinda like these cool nights, sleep like a log."

Pause

Harry: "You reckon all those that are being mentioned are really going to run in the county election."

Dick: "Do you think we are going to have an extra session?"

Tom: "Can't ever tell. Come on let's get a coo-ca-la."

And so the man of the streets begins his question "Are you ready?" instead of "Is it hot enough for you?" In our opinion this dangerous business: a fatalistic attitude which will get us in to the war quicker than anything else. Best thing to do is to take the positive attitude, meaning you're going to work to keep us out. When they ask "Are

GENEVA STRICKLAND

9th GRADE NEWS
It seems that every one is enjoying school. We have been having single session the first two weeks so students could help with work at home.

Class officers of the ninth grade are: President, Jack Till, vice-pres., Emory Bohler, secretary, Ollie Dekle, Treasurer, Heyward Brunson, Representatives, Jim Watson, Harold Powell, Reporter, Christine Smith, Robert Wilson, Grade mothers, Mrs. J. F. Nevils Mrs. Gray Dekle.

CHRISTINE SMITH
ROBERT WILSON

TENTH GRADE NEWS
The tenth grade recently elected their class officers for the coming 4 1/2 months.

Those elected were: President, Sara Watson, vice-pres., George Thomas Holloway, secretary and treasurer, Thomas George Herndon Reporter, Edwin Tillman. Student council representatives are: LaRose Stevens and Clinton Anderson. The class chose as its class colors, Blue and White. Gardinia was chosen as the flower. Our grade mothers are: Mrs. E. G. Tillman, and Mrs. J. A. Stephens.

We have two new members in our class, Mary Lou Almond and Thomas Clyde Herndon. We are very glad to have them with us this year.

The class is very sorry to hear that LaRose Stevens has Brill fever and hope she will soon get well.

EDWIN TILLMAN

The seniors have elected officers for the 1939-40 term. The officers will serve for the entire year. Those elected were: pres., Neal Bowers, vice-pres., Louise Holland, secretary, Vertie Mae Key, treasurer Bill Holloway, reporter, Vonnie Mae Harris, student council representatives, Ruby Cluff, R. J. Brannen, and Evelyn Kennedy.

The class invited Mrs. J. L. Holloway and Mrs. W. W. Olliff to serve as grade mother for this year.

The Senior class of 1939-40 sponsored a Variety Program and Kiddie Revue Contest Friday night September 15, at 8 o'clock.

This program was sponsored by the Seniors to begin funds for the Graduating trip to be taken by the class next summer. Class committees also sold ice cream on the campus three days last week. We are glad to report that a very good beginning has been made, and we expect our class to constantly increase.

PETITION FOR CHARTER
State of Georgia,
Bulloch County.

To the Superior Court of said County:

The petition of Leodel Coleman, James F. Coleman and Mrs. G. C. Coleman, of Bulloch County, Georgia, shows:

1. The Postoffice address of each and all of petitioners in Statesboro, Georgia.

2. The petitioners desire for themselves, their associates and successors to be incorporated under the corporate name and style of "Bulloch Herald Publishing Company", under an Act of the General Assembly of Georgia approved January 28, 1938.

3. The object of their association is pecuniary gain and profit to its stockholders, and the general nature of the business or businesses to be transacted is as follows: to own and operate, or lease and operate, and print weekly and daily newspapers; to conduct a general job and commercial printing business, which shall include mimeographing, multigraphing and lithographing; to deal in printers' supplies; type, machinery, tables, cutters, etc., to stock and sell office equipment and supplies, typewriters, desks, paper; to make rubber and metallic stamps and stencils; to buy, sell, acquire, lease, hold own and deal in real estate; to make all contracts, and to do and transact all business connected with, incidental to, or collateral to the business or businesses hereinbefore enumerated.

4. The amount of capital with which the corporation will begin business will be in the sum of Three Thousand (\$3,000.00) Dollars

divided into thirty (30) shares of the par value of One Hundred (\$100.00) Dollars each, with the right from time to time, by a majority vote to the stock outstanding, to increase said capital to any amount not exceeding the authorized number of shares, as herein stated.

5. The maximum number of shares of stock which said corporation shall be authorized to have outstanding at any time shall be two hundred and fifty (250) shares of common stock of the par value of One Hundred (\$100.00) Dollars each.

6. The time for which the corporation desires to have existence is thirty five (35) years, with the privilege of renewal as may be allowed by law.

7. The principal office of the corporation is to be located in Bulloch County, Georgia, but with the privilege of establishing branch offices and places of business elsewhere.

8. Petitioners desire in addition to all of the rights and powers hereinbefore set forth to have such other powers, rights and privileges as are incident or common to private corporations.

Wherefore petitioners pray that this Honorable Court may pass an order declaring this application granted, and petitioners and their associates and successors incorporation as prayed for.

HARRY S. AIKEN
Attorneys for Petitioners

The foregoing petition of Leodel Coleman, James F. Coleman and Mrs. G. C. Coleman for incorporation under the name of the "Bulloch Herald Publishing Company" having been duly presented, and the Judge of this court having examined same, and it appearing to the Judge that the application is legitimately within the purview and intentions of the laws of the State of Georgia, and the Judge having presented to him a certificate from the Secretary of State of the State of Georgia declaring the name of the proposed corporation registered in the records of the State.

It is considered, ordered and adjudged that said application be and the same is hereby granted.

At Chambers, this the 9th day of September, 1939.

Mm. WOODRUM
Judge of Ogeechee Circuit of Georgia

Original petition for incorporation and the order of the Court thereon, filed in Office this 9th day of September, 1939.

F. I. WILLIAMS
Clerk of Superior Court of Bulloch County, Georgia.

THE MIDDLEGROUND CLUB
The Middleground Community Club met on Wednesday afternoon September 13 at the home of Mrs.

John Hendrix with thirty members present and one visitor Mrs. Britt from the Nevils Club.

Miss Maxwell gave a demonstration on salads.

The following new officers were elected for the coming year: President, Mrs. Fred Atkins; vice-pres. Mrs. Blayse Deal; secretary, Mrs. Day Atkins; News reporter, Miss Katie Lee Deal.

At the conclusion of the business session, Mrs. Hendrix served salad, crackers, and Lemonade.

Old Sol's Heat goes right through ordinary shingles...

BUT His Stinging Rays are stopped short when they hit the cork back of Carey Cork-insulated Shingles.

THIS famous, patented shingle is built with outside surface of slate for weather protection; cork layer underneath for insulation. Makes your rooms cooler in summer; warmer in winter. Saves fuel. This is the only asphalt shingle that gives you this two

BROOKLET NEWS

NEW 1940 HUDSON SIX

NEW LOWER PRICES STARTING AT \$670

HERE TODAY... AT A ROCK-BOTTOM PRICE

THE CAR TO SEE WITH THE "OTHER THREE"

HUDSON ALSO PRESENTS: New Hudson Eight, a new kind of low-priced Straight Eight, and its brilliant companion car, the New Super-Six... New Country Club Sedans, luxury sensations of the year. Top value in every popular price class, starting with the lowest!

Car Illustrated is new Hudson Six De Luxe Touring Sedan, 6000 delivered in Detroit, equipped to drive including federal taxes, not including state and local taxes, if any. Low time payment terms, with new Hudson-C.I.T. Plan. Prices subject to change without notice.

AMERICA'S SAFEST CARS ARE NOW AMERICA'S SMARTEST

ECONOMY WINNER: 32.00 miles per gallon in 1938 test! Running at a constant 25.98-mile average speed, on Utah Salt Flats. Car with overdrive and optional rear axle ratio. Even in ordinary "stop-and-go" driving, which, of course, uses more gas, Hudson Six economy will amaze you.

ENDURANCE WINNER: 20,000 miles at average speed of 7.5 miles per hour! 31 new official records! No stock car ever went so far so fast as this lowest priced Hudson Six. And endurance, so convincingly proved in this "torture test," means longer life, lower upkeep cost and higher resale value.

1939 Chase D and 32 Unlimited Records, certified by A. A. A. Circuit Court. Car equipped with overdrive and optional rear axle ratio.

NEW HUDSON SIX • NEW EIGHT and SUPER-SIX • NEW COUNTRY CLUB SEDANS

NOTICE TO FARMERS AND LIVESTOCK DEALERS

Beginning October 2nd, the Statesboro Livestock Commission Company will hold Two Sales each Week on Mondays & Wednesdays

We are doing this in order that the Buyers and Sellers may be able to get back to their homes by night. The sale will start promptly at 1 o'clock. Please bring your Livestock in as early as possible. We will get the Highest Prices available as long as we represent you.

This is your market and we ask you to help us keep it the largest and highest market in the south. As you know this is the oldest market in the south and has always had the reputation of getting the highest prices for all Livestock. We have added an extra set of scales and an additional barn to help us take care of the heavy business during the fall and winter, as well as to help the buyers get through earlier. We will appreciate a continuance of all your former patronage and assure you of our earnest cooperation and support.

Statesboro Livestock Commission Company
F. C. PARKER & SON, Owners & Managers
Sales Mondays & Wednesdays, beginning Oct. 2, 1939
