

Mastering Short-Response Writing

Claim It! Cite It! Cement It!

Becoming a confident, capable writer begins with mastering the skills to compose evidence-based short-response writing. Award-winning teacher and celebrated children's author Alan Sitomer outlines the Triple C writing system – an instructional lesson sequence focused on argumentative and expository writing that scaffolds students toward concise and convincing responses to a prompt.

KEY FEATURES:

- Prepares students to respond effectively and efficiently to a wide range of writing prompts.
- The Triple C writing system helps teachers learn how to teach students to excel at evidence-based expository and argumentative writing.
- Sitomer's approach is particularly effective for raising the skill sets of low-performing writers.
