**Week 7: Introduction**

**Today's Big Idea:** If you want students to acquire lifetime skills, you must provide opportunities for practice and give meaningful feedback.

**Quick Overview:** Partners provided each other with meaningful feedback on their syllabi and also exchanged lesson plans. In addition, test analysis skills were revised and we discussed common concerns related to grading. A rubric or scoring guide was also used to grade an essay test question in literature or geography.

Below you will find the SLOs, PowerPoints and handouts for Week 7. If you have questions about goal-directed practice, targeted practice, or rubrics, let me know.

**Week 7: Learning Outcomes**

At the completion of this learning module, you will be able to:

- Craft a learning-centered lesson plan that addresses a common disciplinary misconception or learning bottleneck.
- Use a rubric to give targeted feedback to a partner on their lesson plan and to score test items.
- Identify features of effective feedback.

**Week 7: Task List, PowerPoints & Handouts**

Complete the following before you come to class:
